These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

RED CROSS THANKS MAYOR MANSFIELD FOR FLOOD CONTRIBUTIONS BY CITY EMPLOYEES.

The following is a copy of letter from Frederick C. Munroe, Executive Director, American Red Cross, Boston Metropolitan Chapter, to Mayor Mansfield:

Boston, April 18, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I received this morning from John H. Dorsey, City Treasurer, five checks totaling \$4,045.38, constituting contributions from the employees of the City of Boston to the American Red Cross Flood Relief Fund.

I have acknowledged receipt of these checks to Mr. Dorsey, and have done my best to express my gratitude in fitting terms. As a matter of fact, I can hardly find words that are good enough to express our gratitude. Please accept my heartfelt thanks.

Sincerely yours,

FREDERICK C. MUNROE,
Executive Director.

PERMISSION TO SELL TRACTOR.

The Mayor has approved the following request of the Park Commissioner:

Boston, April 21, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I respectfully request your permission to sell one five-ton tractor, now at our Back Bay yard, which has become obsolete and has not been in use in this department for the past two years, being over ten years old.

This tractor is occupying valuable space and I would like to get rid of it at a price of \$150. It would cost the department over \$400 to repair it and put it in working order and then it would be only a temporary affair and unsatisfactory, as it would be continually getting out of order.

Very respectfully yours,

WILLIAM P. LONG, *Chairman.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRING BITUMINOUS PAVEMENT ON ANY ROADWAY IN THE BOSTON PARK SYSTEM UPON WHICH THE MAINTENANCE GUARANTY HAS EXPIRED.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for repairing bituminous pavement on any roadway in the Boston Park System upon which the maintenance guaranty has expired. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Repairing Bituminous Pavement on any Roadway in the Boston Park System upon which the Maintenance Guaranty has Expired," and left before 2 o'clock on Thursday, May 14, 1936, at the office of the Park Department with a certified check for \$2,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 100 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,

(May 2-9.)

Commissioners.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Matthew Cummings Company has been granted a further extension of time for completion of contract made September 19 for erection and completion of Surgical Operating and Ward Building, Boston City Hospital, from March 15, 1936, to April 9, 1936.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR NEW FLOOR FOR WEST SHAFT HOUSE, CALF PASTURE PUMPING STATION.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for new floor for West Shaft House, Calf Pasture pumping station. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for New Floor for West Shaft House, Calf Pasture Pumping Station," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, May 8, 1936, with a certified check for one hundred (100) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

Commissioner of Public Works.

(May 2.)

CITY OF BOSTON.

SCHOOL COMMITTEE.

EXAMINATIONS FOR TEMPORARY TEACHERS, GRADUATE DEPARTMENT, AND ADMISSION TO LATIN SCHOOLS.

Boston Public Schools: Examinations for admission to the Training School for Teachers of Mechanic Arts will be held on Saturday, May 9, 1936, at the Parkman School, South Boston, beginning at 9 a. m.

Examinations for admission to the course leading to the degree of Master in Education in the Graduate Department of The Teachers College will be held on Friday, May 15, at The Teachers College at 9 a. m.

Examinations for candidates for temporary teaching positions in the City of Boston will be held on May 12, 13, 14 and 15, at 1.30 p. m., at The Teachers College.

Examinations for admission to the six-year courses of the Latin schools will be held on Monday, June 8, and on Wednesday, September 9, at 9 a. m.; for boys at the Public Latin School; for girls at the Girls' Latin School.

Examinations for admission to the Boston high schools and to the four-year courses in the Latin schools will be held on Wednesday, September 9, at 9 a. m., at The Teachers College, Boston.

Address all questions in regard to these examinations to the Board of Examiners, 15 Beacon street, Boston.

PHILIP J. BOND,
Chief Examiner.

(May 2.)

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN ESTES PLACE, FROM CONGRESS STREET TO ALDINE STREET, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Estes place, from Congress street to Aldine street, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Estes Place," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, May 11, 1936, with a certified check for two hundred (200) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ICE.

The Supply Department of the City of Boston invites proposals for furnishing ice to the various city departments for the ensuing year. A copy of the proposal can be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$.20) for each blank proposal taken out. The bidder must leave his proposal at the above mentioned office with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at this office Wednesday, May 13, 1936, at 12 m. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, MAY 9, 1936.

No. 19

MAYOR MANSFIELD SUBMITS BUDGET ESTIMATES FOR 1936 — OVER \$2,000,000 LESS THAN APPROPRIATIONS AUTHORIZED IN 1935 — SLASHES \$7,119,831.67 FROM DEPARTMENTAL ESTIMATES AS ORIGINALLY SUBMITTED — THIS ACCOMPLISHED WITHOUT CURTAILING ANY ESSENTIAL SERVICE TO PUBLIC AND WITHOUT AFFECTING SALARY REDUCTIONS OR DISCHARGES OF PERMANENT EMPLOYEES — DECLARATION OF TAX RATE TO BE ANNOUNCED AT LATER DATE.

Upon May 4 Mayor Mansfield submitted to the City Council the budget estimates for 1936 with the following communication:

BOSTON, May 4, 1936.

To the City Council.

GENTLEMEN,—I submit herewith in full segregated form my budget recommendations for the year 1936 providing allowances for city, county and revenue departments. These recommendations should be substituted for the lump-sum budget submitted to your Honorable Body on January 27, 1936.

Appropriations recommended for city departments aggregate \$38,235,210.34. This total does not include an additional \$2,000,000, which may be necessary to provide for the Public Welfare Department. Assuming that this \$2,000,000 additional will be needed and appropriated, the 1936 allowances for city departments represent a reduction of \$7,119,831.67 from departmental estimates as originally submitted and also represent a reduction of \$2,057,432 from appropriations authorized in 1935.

Recommendations for county departments (which are entirely separate from and independent of the city maintenance budget) aggregate \$3,594,929.66. This sum represents a reduction of \$383,407.30 from estimates originally submitted by county officials and is \$17,356.20 less than appropriations authorized in 1935 for county purposes.

Revenue Departments.

The amount recommended for revenue departments, \$2,392,706.76, will be met from the income of these departments, and while necessary to be included in the budget recommendations will not be included in the tax levy since this amount will be offset by the receipts of these departments.

Appropriations recommended for maintenance requirements of city and county departments, which must be included in the 1936 tax levy, are approximately \$2,075,000 less than similar appropriations in 1935.

In preparing the budget program submitted herewith an intensive effort has been made to reduce rigorously departmental budget allowances for the current year, as the foregoing figures indicate. This has been accomplished without curtailing essential services to the public or affecting salary reductions or discharges of permanent employees.

It is impossible at the present time to announce definitely the tax rate for 1936. The School Committee has not adopted its 1936 budget. In addition to this, the lack of information as to the amount of state tax to be assessed upon Boston, and the amount of state revenues to which Boston may be entitled upon distribution to municipalities, make it impossible to forecast with accuracy the tax rate for the current year.

In view of the continuing heavy demands for public welfare which the Federal Work Relief program has reduced only to a limited degree, it is improbable that a reduction in last year's tax rate can be accomplished unless the Commonwealth should enact legislation prior to the declaration of the rate giving substantial relief to the municipalities of the Commonwealth.

In view of the enactment of recent legislation abolishing the tax limit and amending, among other things, section 16 of chapter 44 of the General Laws, it is no longer necessary to appropriate for Debt Requirements. Provisions, therefore, for these requirements are not included in the budget transmitted herewith, since under the new law these amounts which include interest, serial payments and sinking fund requirements, will be certified directly by the City Auditor to the Board of Assessors, instead of being submitted to the City Council for appropriation.

As the tax rate must be declared on or about June 1, I recommend prompt consideration and adoption of the accompanying orders.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

(Continued on page 448.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 11, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending May 2, 1936:

MAYOR MANSFIELD HAS HIGH PRAISE FOR INSTRUCTION FURNISHED IN BOSTON'S SCHOOL SYSTEM, INCLUDING PRIVATE, PUBLIC AND PAROCHIAL — POINTS TO GROWTH AND ADVANCE IN EDUCATIONAL FIELDS IN PAST FIFTY YEARS, DURING ADDRESS IN FANEUIL HALL, ON MAY 2, IN FINAL EXERCISES CONNECTED WITH "HERALD-TRAVELER" SPELLING BEE — SAYS SPELLING VALUABLE IN ANY WELL-ROUNDED AND CULTURAL TRAINING FOR WORK OF LIVING.

On Saturday, May 2, Mayor Mansfield spoke as follows at Boston "Herald-Traveler" Spelling Bee exercises in Faneuil Hall:

About a month ago when speaking from this platform at the Spelling Bee for the public school pupils I referred to the changes that had taken place in the viewpoint as to the value of the respective divisions of education, and I remarked upon the trend from the simple fundamentals of reading, 'riting and 'rithmetic to the present very ambitious and elaborate structure which we refer to as modern education. It is not necessary for me to repeat here what I said then nor to emphasize particularly the value of spelling in any well-rounded and cultural training for the work of living.

I congratulated the Boston "Herald" then as I do now on its activities in arousing and sustaining interest in this very important branch of learning. And I also congratulated the Boston School Committee and its chairman, the Superintendent of Schools, Patrick T. Campbell, and the Rev. Richard J. Quinlan, Director of Parochial Schools in Boston, for the evident results of their painstaking efforts.

Today I wish to refer not only to the value of spelling but to the value that should be accorded to proper instruction. A recent writer in one of our popular magazines emphasizes the importance of proper instruction. We all know the value of self-education. We admire the man who is self-made, although we are mindful of the old adage that a self-made man is likely to admire himself. We also respect the self-educated man who with little or no instruction educates himself by wide reading and while there are many instances in history of men who have become exceedingly well educated by that process I think it must be evident to all that those men are specialists and that the ordinary man left to himself would not know how to begin to educate himself.

Thus, the ideal combination is the willing mind and the expert instructor and in our school system in Boston, private, public and parochial, I am happy to say that there are excellent instructors not only in the art of spelling but in every other branch of modern education. Those instructors are entitled to great credit for properly directing the efforts of their pupils, for the exclusion of unessentials and concentration upon the important things of life, and I feel that we very often neglect to accord to those faithful instructors the praise which they deserve.

In the Parochial School field the results have been remarkable. Statistics gathered by Rev. Father Richard J. Quinlan show that in 1885 only thirty parishes in the entire archdiocese were conducting schools. Twenty-two years later, seventy-four parishes maintained schools and since that year seventy-eight additional parishes

have established schools, bringing the total to 147. Over one-half of all of these parish schools now existing in the archdiocese have been established under the leadership of his Eminence Cardinal O'Connell. There are at the present time, according to Father Quinlan's statistics, almost 94,000 pupils enrolled in the parish schools of the archdiocese and, in addition to that, 1,975 boys and girls are being cared for in fourteen charitable institutions of the archdiocese which maintains the schools, and the enrollment of the academies and preparatory schools is 3,440.

These few figures, to quote Father Quinlan, "tell the history of constant effort and self-sacrifice on the part of bishops, priests, religious and people over a long period of years."

Yesterday I read that the estimated cost of maintaining Catholic schools in this country is \$50,000,000 per year. If

we were to consider for a moment what the effect would be upon the country at large and upon the cities and the municipalities in this country if that tremendous program of education were to be abandoned, we would more readily visualize the importance and the value of the work that is being done in our parochial schools and in our entire Catholic School System. Were that activity to cease and the burden of educating these children who are now being taught in parochial schools were suddenly thrust upon governmental agencies, the burden would be so tremendous that I venture to say that many municipalities would sink under that burden. Every person with a knowledge of municipal government acknowledges this debt and willingly accords credit to a system which lightens the burden upon the taxpayer and to the Catholic Church which has maintained its share of the load for so many years.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

PARK DEPARTMENT.

Advertises for proposals for repairing bituminous pavement. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$2,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, May 14, at 2 p. m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for sewerage works in Estes place, from Congress street to Aldine street, city proper. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, May 11, at 12 m.

Advertises for proposals for sewerage works in Davenport brook in Hibbard avenue, Pleasant Hill avenue and Morton street, Dorchester. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Depart-

ment, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$3,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 20, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing ice to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 13, at 12 m.

Advertises for proposals for furnishing Class C iron castings. Surety bond will be required in a sum equivalent to 25

per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 19, at 12 m.

Advertises for proposals for furnishing Class D iron castings. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, May 19, at 12 m.

Advertises for proposals for furnishing butter and eggs, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 20, at 12 m.

Advertises for proposals for furnishing hay, grain and straw to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, May 20, at 12 m.

Advertises for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, May 21, at 12 m.

Advertises for proposals for furnishing fruits and vegetables to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, May 22, at 12 m.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time for completion of contract with M. B. Foster Electric Company for installation of electric generator unit in Power Plant, Boston City Hospital, from May 1 to May 15, because of unavoidable delays due to weather conditions, which have impeded the progress of the work.

Items 1, 2, 3, 4, 5 are No. 1 common as per West Coast Grading rules. If B and Better is wanted, add \$150 to total.

Upon May 1 the Mayor approved permission to award contracts as indicated for semi-bituminous coal for various city departments for the term beginning May 1 and ending December 31, with the option of extension on the same terms and conditions to April 30, 1937. The following are the low bidders:

Fore River Coal Company, the lowest bidder, for approximately 7,500 gross tons nut and slack coal, delivered by vessel, to the Long Island Hospital, Institutions Department, at a price of \$5.89 per gross ton, \$44,175.

Brighton Coal Company, the lowest bidder, delivered by truck by the way of Shirley Gut, Winthrop, into the bins at Deer Island, for approximately 1,200 net tons run of mine coal, at a price of \$5.49 per net ton, \$6,588; for approximately

6,000 net tons nut and slack coal, at a price of \$4.95 per net ton, \$29,700—\$36,288.

Tidewater Coal Company, the lowest bidder, optional tonnage, 8,000 net tons, delivered by truck to South Ferry, for approximately 4,000 net tons run of mine coal, at a price of \$5.54 per net ton, \$22,160; for approximately 4,000 net tons nut and slack coal, at a price of \$4.89 per net ton, \$19,560—\$41,720.

Metropolitan Coal Company, the lowest bidder, for approximately 1,200 net tons run of mine coal, delivered by trucks into bins of fireboats, at a price of \$5.43 per net ton, \$6,516; for approximately 300 net tons run of mine coal, delivered by trucks into bins of police boats, at a price of \$5.53 per net ton, \$1,659—\$8,175.

White Fuel Company, the lowest bidder, optional tonnage, 10,000 net tons, to be delivered by trucks to the various departments, Public Buildings, for approximately 9,000 net tons run of mine coal, at a price of \$5.38 per net ton, \$48,420; for approximately 1,000 net tons nut and slack coal, at a price of \$5.18 per net ton, \$5,180—\$53,600.

Approval was given to award contracts, based upon such low bids, to all of the above contractors named, excepting the White Fuel Corporation. In the case of the bids, with respect to which the White Fuel Corporation is the low bidder, no recommendation was made, pending investigation as to the relationship between this company and the Babcock Coal Company and allegations recently made that the Babcock Coal Company failed to comply with its contract for the delivery of coal to welfare recipients.

Privilege of purchasing on same terms and conditions extended to April 30, 1937. Bids, opened April 22, were as follows:

Semi-Bituminous Coal for Delivery by Vessel.

Long Island Hospital, Institutions Department, Optional Tonnage, 7,500 Gross Tons.

Run of Mine, Per Gross Ton.—White Fuel Corporation, \$6.34; Fore River Coal Company, \$6.62; New England Coal and Coke Company, \$6.61; Staples Coal Company, doing business as City Fuel Company, \$6.64; Metropolitan Coal Company, \$7.03.

Nut and Slack, Per Gross Ton.—White Fuel Corporation, \$6.08; Fore River Coal Company, \$5.89; New England Coal and Coke Company, \$5.93; Staples Coal Company, doing business as City Fuel Company, \$6.05; Metropolitan Coal Company, \$6.33.

Deer Island, Penal Institutions Department.

1,200 Gross Tons Run of Mine, Per Gross Ton.—New England Coal and Coke Company, \$6.35; Staples Coal Company, doing business as City Fuel Company, \$6.28; Metropolitan Coal Company, \$6.53.

6,000 Gross Tons Nut and Slack, Per Gross Ton.—New England Coal and Coke Company, \$5.68; Staples Coal Company, doing business as City Fuel Company, \$5.85; Metropolitan Coal Company, \$5.83.

Alternate Bid, Semi-Bituminous Coal Delivered by Truck by the Way of Shirley Gut, Winthrop, Delivered in Bins to Deer Island.

Deer Island, Penal Institutions Department.

1,200 Net Tons Run of Mine, Per Net Ton.—East Boston Coal Company,

Nut and Slack, Per Net Ton.—The Boston Ice Company, \$5.61; Peoples Coal Company of Boston, Incorporated, \$5.49; Tidewater Coal Company, \$5.03; Sawtelle Coal Company, Incorporated, \$5.80; B. & F. Coal Company, \$5.55; Brighton Coal Company, \$5.10; White Fuel Corporation, \$5.18; Metropolitan Coal Company, \$5.30; East Boston Coal Company, \$5.70; Staples Coal Company, doing business as City Fuel Company, \$5.53.

South Ferry, Optional Tonnage, 8,000 Net Tons.

Run of Mine, Per Net Ton.—Tidewater Coal Company, \$5.54*; Sawtelle Coal Company, Incorporated, \$6.20; B. & F. Coal Company, \$5.85; Brighton Coal Company, \$5.69; White Fuel Corporation, \$5.37; Metropolitan Coal Company, \$5.78; East Boston Coal Company, \$5.90; Staples Coal Company, doing business as City Fuel Company, \$5.50.

Nut and Slack, Per Net Ton.—Massachusetts Wharf Coal Company, \$5.27; Tidewater Coal Company, \$4.89*; Sawtelle Coal Company, Incorporated, \$5.80; B. & F. Coal Company, \$5.50; Brighton Coal Company, \$5.15; White Fuel Corporation, \$5.17; Metropolitan Coal Company, \$5.08; East Boston Coal Company, \$5.60; Staples Coal Company, doing business as City Fuel Company, \$5.03.

Fireboats, Delivered in Bins, 1,200 Net Tons, Run of Mine, Per Net Ton.—White Fuel Corporation, \$5.70; Metropolitan Coal Company, \$5.43*; Staples Coal Company, doing business as City Fuel Company, \$5.75.

Police Boats, Delivered in Bins, 300 Net Tons, Run of Mine, Per Net Ton.—White Fuel Corporation, \$5.70; Metropolitan Coal Company, \$5.53*; Staples Coal Company, doing business as City Fuel Company, \$5.75.

B. T. U.—Massachusetts Wharf Coal Company, 14550; The Boston Ice Company, 14450; Peoples Coal Company of Boston, Incorporated, 14500; Tidewater Coal Company, 14550; Sawtelle Coal Company, Incorporated, 14350; B. & F. Coal Company, 14450; Brighton Coal Company, 14500; White Fuel Corporation, 14610; Metropolitan Coal Company, 14400; East Boston Coal Company, 14450; Staples Coal Company, doing business as City Fuel Company, 14500.

Ash in Dry Coal.—Massachusetts Wharf Coal Company, 4.90 per cent; The Boston Ice Company, 5.50 per cent; Peoples Coal Company of Boston, Incorporated, 5.25 per cent; Tidewater Coal Company, 5.40 per cent; Sawtelle Coal Company, Incorporated, 5 per cent; B. & F. Coal Company, 5.50 per cent; Brighton Coal Company, 4.50 per cent; White Fuel Corporation, 4.94 per cent; Metropolitan Coal Company, 5 per cent; East Boston Coal Company, 5.50 per cent; Staples Coal Company, doing business as City Fuel Company, 4.80 per cent.

Upon May 4 the Mayor approved permission to award contracts for coal to the various city departments as indicated in the following letter:

BOSTON, May 1, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR.—Bids for anthracite and semi-bituminous coal for various city departments for the period beginning May 1, 1936, and ending December 31, 1936, with the option of extension on the same terms and conditions to April 30, 1937, were publicly opened and read on April 22, 1936. The White Fuel Corporation was the low bidder for the following items:

Optional tonnage, 10,000 net tons run of mine, or nut and slack coal, to be delivered by trucks to the various departments, Public Buildings.

Anthracite coal, various departments, Public Buildings, for 2,000 net tons egg coal, 3,000 net tons buckwheat coal.

The Western Coal and Ice Company is the low bidder on 3,000 net tons stove coal, various departments, Public Buildings.

I understand that allegations have recently been made to the effect that the Western Coal and Ice Company and the Babcock Coal Company failed to perform their contracts with the city for delivery of coal to welfare recipients. I also understand that the Babcock Coal Company and the White Fuel Corporation are closely affiliated.

In order that I may have an opportunity to investigate the allegations of failure to comply with the above contracts by both the Western and the Babcock Companies and to determine whether or not I should recommend awards to the Western Coal and Ice Company and the White Fuel Corporation, and in order that we may meet the immediate requirements of furnishing coal to the various city departments I respectfully request

your authority to award to the Metropolitan Coal Company, the lowest bidder, for egg coal, stove coal, buckwheat coal, soft coal, run of mine; soft coal, nut and slack, without advertising contracts for coal for the various city departments in a total sum not exceeding \$2,000 during the period of such investigation. I have received the following informal quotations for such coal, and the Metropolitan Coal Company has offered the lowest quotations:

Egg Coal, Per Ton.—Metropolitan Coal Company, \$10.53; City Fuel Company, \$10.80; Batchelder-Whittemore Company, \$11.25; Massachusetts Wharf Coal Company, \$12.50.

Stove Coal, Per Ton.—Metropolitan Coal Company, \$10.78; City Fuel Company, \$11.30; Batchelder-Whittemore Company, \$11.50; Massachusetts Wharf Coal Company, \$12.50.

Buckwheat Coal, Per Ton.—Metropolitan Coal Company, \$7.98; City Fuel Company, \$8; Batchelder-Whittemore Company, \$8.

Run of Mine Soft Coal, Per Ton.—Metropolitan Coal Company, \$5.63; City Fuel Company, \$5.90; Brighton Coal Company, \$5.64; Massachusetts Wharf Coal Company, \$7.

Nut and Slack Soft Coal, Per Ton.—Metropolitan Coal Company, \$5.03; City Fuel Company, \$5.50; Brighton Coal Company, \$5.10.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

Upon May 5 the Mayor approved permission to award a contract to J. G. Bowden & Son, Incorporated, for approximately 5,000 yards khaki cloth to be delivered to Deer Island, Penal Institutions Department.

As per letter on file at the office of the Supply Department, the Penal Institutions Department state, that after having samples submitted by the various bidders tested, the only sample of cloth which will suit their purposes is the one supplied by J. G. Bowden & Son, Incorporated.

Therefore, permission was given to award this contract to J. G. Bowden & Son, Incorporated, at a price of 28.45 cents a yard.

The approximate amount of the contract was \$1,422.50.

Bids, opened April 7, were as follows:

Approximately 5,000 Yards Khaki Cloth, Jumbo Brand, 30 Inches Wide, Like Sample, Per Yard.—Bartlett, Coppinger, Maloon Company, 24.5 cents; total \$1,225; J. G. Bowden & Son, Incorporated, 28.45 cents; total, \$1,422.50; Sparrow-Chisholm Company, 27.5 cents; total, \$1,375; National Coat and Apron Manufacturing Company, 28.9 cents; total, \$1,345.

Cash Discount, Ten Days.—Bartlett, Coppinger, Maloon Company, 3 per cent; like sample attached, not Jumbo Brand; J. G. Bowden & Son, Incorporated, 2 per cent; Sparrow-Chisholm Company, one-half of 1 per cent; National Coat and Apron Manufacturing Company, 2 per cent; see samples for quality and color.

Upon May 6 the Mayor approved permission to award a contract to the Socony-Vacuum Oil Company, Incorporated, for approximately 60,000 gallons commercial quality kerosene, to be delivered to the various city departments, as required, from May 12, 1936, to December 31, 1936, with the privilege of purchasing on the same terms and conditions until May 11, 1937, at their posted tank car price

at East Boston, for Socony Burning Oil (kerosene) at time of delivery, plus 1 cent a gallon. Said delivered price on day of opening of bids was 6 cents a gallon, and at no time during the period of this agreement shall exceed 7 cents a gallon. The approximate amount of the contract was \$3,600. Bids, opened April 30, were as follows:

Approximately 60,000 Gallons Commercial Quality Kerosene.—Tide Water Oil Company, tank wagon price as posted by major oil companies for the place and time of delivery, less a discount of 5 cents a gallon tank wagon price on April 30, 1936, 7.5 cents a gallon; Pennsylvania Oil Company, tank car price for Boston as posted on delivery date at plant from which delivery is made, plus 1½ cents a gallon; Socony-Vacuum Oil Company, Incorporated, bidder's posted tank car price at East Boston, Mass., for Socony Burning Oil (kerosene) at time of delivery, plus 1 cent a gallon; said delivered price on day of opening of bids is 6 cents a gallon; said delivered price shall at no time during the period of this agreement exceed 7 cents a gallon; Lipson's Oil Company, 7½ cents a gallon.

Cash Discount, Ten Days.—Tide Water Oil Company, 1 per cent; Pennsylvania Oil Company, 1 per cent; Lipson's Oil Company, 2 per cent.

Upon May 6 the Mayor approved permission to award a contract to R. E. Cunniff, Incorporated, for approximately 5,000 cubic yards loam for the Park Department. The approximate amount of the contract was \$3,550. Bids, opened April 14, were as follows:

Approximately 5,000 Cubic Yards Loam, Per Cubic Yard.—M. McGinnis Company, 94 cents; total, \$4,700; R. E. Cunniff, Incorporated, 71 cents; total, \$3,550; John Deveney, 96 cents; total, \$4,800; A. G. Tomasello & Son, Incorporated, 99 cents; total, \$4,950; General Construction Company, Incorporated, \$1.07; total \$5,350.

Cash Discount, Ten Days.—M. McGinnis Company, 1 per cent; R. E. Cunniff, Incorporated, 2 per cent; John Deveney, 2 per cent; A. G. Tomasello & Son, Incorporated, 2 per cent; General Construction Company, Incorporated, 2 per cent.

Upon May 6 the Mayor approved permission to award a contract to the Lincoln Park Service Station for approximately 16,000 gallons gasoline, to be delivered into automobiles of the Boston Traffic Commission, as required, from May 11, 1936, to December 31, 1936. The approximate amount of the contract was \$1,840. Bids, opened May 1, were as follows:

Posted prices exclusive of all Federal and State taxes.

Approximately 16,000 Gallons Gasoline, Minus the following Differential Per Gallon from the Posted Service Station Price.—Lincoln Park Service Station, 3.5 cents; Pennsylvania Oil Company, 2 cents.

Cash Discount, Ten Days.—Lincoln Park Service Station, 2 per cent; Pennsylvania Oil Company, 2 per cent.

Posted Service Station Price on May 1, 1936.—Lincoln Park Service Station, 12 cents; Tide Water Oil Company, 12.5 cents; Socony-Vacuum Oil Company, Incorporated, 12 cents; Pennsylvania Oil Company, 12 cents; American Oil Company, 12 cents; Colonial-Beacon Oil Company, Incorporated, 12 cents; Shell Eastern Petroleum Products, Incorporated, 12 cents.

Trade Name of Gasoline.—Lincoln Park Service Station, Koolmotor; Tide Water

Oil Company, Tydol Gasoline, Octane, rating 70; Socony-Vacuum Oil Company, Incorporated, Socony Mobilgas; Pennsylvania Oil Company, Powerful Penn; American Oil Company, Orange American Gasoline; Colonial-Beacon Oil Company, Incorporated, Essolene; see bidder's specifications; Shell Eastern Petroleum Products, Incorporated, Super Shell Gasoline.

Maximum Price, Exclusive of Discounts.—Lincoln Park Service Station, 12.5 cents; Tide Water Oil Company, 13.5 cents; Socony-Vacuum Oil Company, Incorporated, seller's posted service station price at time and place of delivery; Pennsylvania Oil Company, 11 cents; American Oil Company, posted service station price at time and place of delivery; Colonial-Beacon Oil Company, Incorporated, 13 cents; Shell Eastern Petroleum Products, Incorporated, posted service station price.

Location of Filling Station.—Lincoln Park Service Station, 895 Massachusetts avenue, corner of Southampton street; Tide Water Oil Company, 1170 Massachusetts avenue, Dorchester; Socony-Vacuum Oil Company, Incorporated, C-363, 783 Massachusetts avenue, Roxbury; Pennsylvania Oil Company, Hennessey's Garage, Dorchester avenue, at Old Colony Boulevard; American Oil Company, S. S. No. 1, Albany and Sharon streets; S. S. No. 358, Massachusetts avenue and Southampton street; Colonial-Beacon Oil Company, Incorporated, 848 Massachusetts avenue, corner of Southampton street; Shell Eastern Petroleum Products, Incorporated, 219 Old Colony avenue.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved the award of contracts for supplies, etc., for the several departments. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

Upon May 6 the Mayor approved a contract with the Fitzhenry-Guptill Company for power sprayers. A communication from the Superintendent of Supplies was as follows:

BOSTON, April 23, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Fitzhenry-Guptill Company, 135 First street, East Cambridge, to deliver to the Park Department the following:

Five Fitzhenry-Guptill Company's Model FX power sprayers on plain skids, at a price each of, \$1,075, \$5,375; less allowance on five horse-drawn sprayers, fifteen years old, of \$75 each, \$375. Net amount of contract, \$5,000.

The above price is the lowest at which these sprayers are sold to State and Federal departments.

The Park Department requests that the Fitzhenry-Guptill Company's Model FX sprayer be purchased, for the reason that it has always been used by the Park Department in the past, and has proven very satisfactory. After making inquiries relative to spraying machines, I have received the following reports:

The Quarantine Enforcement Division of the United States Department of Agriculture state that they have the above machines in use and that they have proven very satisfactory, and have been

in service for several years and are still good for many more seasons' work. They further state that they know of no better spraying machine built than the Fitzhenry-Guptill Spraying Machine.

The Moth Superintendent, Massachusetts Department of Conservation, Division of Forestry, states that the Guptill sprayer is the one used almost exclusively by the state for heavy duty spraying work, and recommends it highly for dependability.

In view of the above reports, I am of the opinion that the Fitzhenry-Guptill Company's sprayer is the most advantageous sprayer for the use of the Park Department, and that the city's best interests will be served by awarding a contract to the Fitzhenry-Guptill Company, who are the manufacturers, without publicly advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

APPOINTMENTS BY THE MAYOR.

The Mayor, on April 30, reappointed the following persons:

Board of Zoning Adjustment: Dana Somes, 7A Smith court, for term ending April 30, 1940 (present term expired April 30, 1935). Eliot N. Jones, 5 West Cedar street, for term ending April 30, 1941. James R. Gibson, of the Master Builders' Association, for term ending April 30, 1941.

City Planning Board: Miss Mary A. Barr, 29 Wallingford road, Brighton, for term ending April 30, 1941.

Hospital Trustee: Joseph P. Manning, 80 Pond street, Jamaica Plain, for term ending April 30, 1941.

Library Trustee: John L. Hall, 285 Clarendon street, Boston, for term ending April 30, 1941.

Park Commissioner: Theodore G. Haffenreffer, 30 Bismarck street, Roxbury, for term ending April 30, 1939.

Overseers of Public Welfare: James A. McMurtry, 26 Gaylord street, Dorchester. John J. Walsh, 15 Pond View avenue, Jamaica Plain. Sophie M. Friedman, 206 Bay State road. Clifford P. Warren, 26 Park street, West Roxbury. Terms to expire on April 30, 1939.

Sinking Funds Commissioners: Michael H. Corcoran, 433 West Roxbury Parkway, for term ending April 30, 1939. William Spottiswoode, 92 Colberg avenue, for term ending April 30, 1939.

MAYOR MANSFIELD OPPOSES INCREASING POLICE FORCE AT PRESENT BECAUSE OF TAX BURDEN INVOLVED.

On April 30 Mayor Mansfield issued the following statement relative to Police Department budget:

The conference relative to the Police Department budget which was commenced yesterday was continued today in the Mayor's office, the participants sitting steadily from 8 a. m. until 1 o'clock. Every item in the budget was carefully considered and some minor points are still to be adjusted by further conferences.

Perhaps the most important topic discussed was the necessity for filling existing vacancies in the Police Department and the ability of the city to afford such replacements at the present time.

It was pointed out by Commissioner McSweeney that no new men had been appointed to the Boston Police Force

for five years and that the retirements, resignations, deaths and dismissals occurring in the department had reduced the number of patrolmen in those five years by 295. The Mayor and Police Commissioner are in accord in their desire to give the people proper police protection, but the Mayor at the same time is aware of the necessity of not increasing the burden upon the taxpayer.

Owing to the necessity for economy in order to keep the tax rate within reasonable limits the Mayor could not consent to increasing the number of patrolmen at this time. The city cannot afford it. It was agreed that the reassignment of certain patrolmen now on special detail duty in various municipal departments would help to relieve the immediate situation. It is estimated that about forty of the patrolmen now on duty in municipal departments may be reassigned to active street duty. Also thirty patrolmen who have been doing clerical work will be replaced by civilians at a substantial saving in salary. There are also five patrolmen who have been doing mechanical work in the repair shop and two who have been acting as switchboard operators who will be reassigned to street duty. This makes a total of seventy-seven patrolmen who will thus be made immediately available for active street duty.

MAYOR MANSFIELD PLEADS CAUSE OF W. P. A. WORKERS NOT TO BE DISCHARGED FROM PROJECTS.

The following is a copy of a telegram sent by Mayor Mansfield to Harry L. Hopkins, Works Progress Administrator, Washington, sent May 5 on reported plan to drop W. P. A. workers.

BOSTON, May 2, 1936.

HARRY L. HOPKINS, *Works Progress Administrator*, 1734 New York Avenue, Washington, D. C.

Great concern here over reported plan to drop 20,000 workers, of which Boston's share will be large. Would like assurances that these workers will not be thrown back upon local welfare rolls, which would add greatly to Boston welfare burdens. Would be grateful for an early reply.

FREDERICK W. MANSFIELD,
Mayor of Boston.

The following is a copy of telegram received by his Honor the Mayor from Howard O. Hunter, Assistant Administrator, Washington, in reply to plea for W. P. A. workers:

WASHINGTON, D. C., May 5, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Your telegram of Hopkins received. Reduction of W. P. A. employment in Massachusetts in line with original plan of W. P. A. to reduce its employment throughout the country in the spring as other Federal agencies and private employment pick up. Massachusetts total employment of W. P. A. has not been reduced proportionately to other states due to emergency flood work. I am in communication with Administrator Edwards and have assurances that reduction in Boston will be entirely in line with reduction elsewhere and full consideration will be given to the possibilities of other employment either private or on public projects.

HOWARD O. HUNTER,
Assistant Administrator.

PROCEEDINGS OF CITY COUNCIL.

Boston, April 27, 1936.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Dowd and Norton.

QUALIFICATION OF COUNCILOR PETER A. MURRAY.

The following was received:

City of Boston,

Office of City Clerk, April 27, 1936.
To the City Council.

Gentlemen,—You are hereby notified that Peter A. Murray, elected a member of the City Council from Ward 19, this day appeared and took the oaths of office prescribed by law, before me.

W. J. DOYLE, City Clerk.

Placed on file.

MAYOR'S VETOES.

The following were received:

City of Boston,

Office of the Mayor, April 24, 1936.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature an order adopted by your Honorable Body on April 13, 1936, for the making of a granolithic sidewalk with granite edgestones on both sides of Hancock street, between Derne and Cambridge streets, in Ward 3.

I am informed by the Commissioner of Public Works that there are no funds available at the present time for this construction. Under the circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Office of the Mayor, April 22, 1936.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature the order adopted by your Honorable Body on April 6, 1936, granting a petition to the Medway and Dedham Bus Lines, Incorporated, for a license to operate buses from the Dedham line to Park square in Boston.

At the present time the Boston Elevated Railway Company is receiving from all of its terminal points about \$400,000 per year in fares paid to it by passengers who are brought to those points by feeder lines. For example, the Eastern Street Railway Company alone delivers yearly to the Boston Elevated Railway Company lines at Quincy fares aggregating about \$98,000; at Ashmont, \$30,000; at Everett, \$29,000; at Spring street, \$15,000; at Forest Hills, \$14,000; at Mattapan, \$8,000. Other terminal points where passengers are delivered by other street railway or bus lines to the Boston Elevated Railway Company are Watertown square, Arlington Heights, Winthrop square, Medford, and Grove and Washington streets.

The permit in question would affect at the moment only the Spring street line, but it would mean at that terminal alone the loss of about \$15,000 per year to the Boston Elevated Railway Company and would not afford any adequately corresponding benefit. Passengers using this line at the present time are forced to transfer, but the fact remains that they are delivered into Boston by means of Boston Elevated Railway buses from the Spring street terminal. They have this service now. If this petition were granted it would merely mean that passengers would be able to come directly into Park square in their original buses without changing and, while more convenient for them, it would undoubtedly work a serious loss of revenue to the Boston Elevated Railway Company.

The deficit of the Boston Elevated Railway Company, which is one of the things that the Boston taxpayer is compelled to shoulder, has just been announced at \$2,086,000 for the twelve months ending April 1, 1936. It seems obvious that if this license to operate into the Park square district of Boston were accorded to this particular line, every other line feeding the Boston Elevated Railway Company would probably apply for similar privileges with the inevitable result of adding very materially to the deficit of the Boston Elevated Railway Company now being borne by the taxpayers. Another minor consideration which, while not so important as the possible effect upon the finances of the Boston Elevated Railway Company, is still worthy of consideration is that the granting of this petition and others like it would result in further congestion by large and cumbersome buses in our already overcrowded streets.

I am not unmindful of the fact that some Boston merchants are of the opinion that the granting of this petition would make it more convenient for persons living along the route of the petitioner to get to Boston to transact business here, but that does not seem to me to outweigh the serious possibilities that I have outlined above.

In view of the fact that the rejection of this petition does not prevent the patrons of the

petitioner from coming to Boston to do their shopping, but merely makes it more convenient for them by eliminating the necessity to transfer, and in view of the very serious consequences which may ensue to the Boston Elevated Railway Company with its inevitable augmentation of the taxpayer's burden, I am constrained to veto this order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Office of the Mayor, April 22, 1936.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature the order adopted by your Honorable Body on April 13, 1936, favoring the enactment of legislation for the payment of an annuity to Mrs. Diletta DelSignore and dependent children, whose husband, Vincenzo DelSignore, was killed while employed on snow removal on January 22, 1936.

Investigation of this case discloses that the deceased was not in the employ of the city and was driving his own truck, which by accident he backed into the channel near the South Station, resulting in his death by drowning. No official or employee of the city had anything to do with this accident and it is difficult to see upon what ground such legislation could be justified. Under these conditions I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Severally placed on file.

PAVING OF CERTAIN STREETS.

The following was received:

City of Boston,

Office of the Mayor, April 24, 1936.
To the City Council.

Gentlemen,—I transmit herewith three letters from the Commissioner of Public Works relative to two orders of your Honorable Body dated April 13, 1936, and one order dated April 6, 1936, concerning requests that the following streets be repaved with smooth paving:

1. Chardon street, Ward 3.
2. Iola, Eldon and Westcott streets, Ward 14.
3. Hazleton, Greenwood, Mascot and Greenock streets, Ward 14.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, April 23, 1936.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.
Dear Sir,—I beg leave to acknowledge receipt of your note of April 16 with attached order of City Council dated April 13, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Chardon street Ward 3."

and to state that Chardon street, from Bowdoin square to Portland street, is 740 feet in length with a roadway width of from 25 to 70 feet. The sidewalk width is from 6 to 13 feet. The existing pavement consists of various kinds of granite block pavement laid in 1892 originally, and patched and repaired many times, and is now in very poor condition. The sidewalk, which is of artificial stone, is in a fair condition. To place a smooth pavement on a concrete base with the necessary regulating will cost \$10,300. This street being a manufacturing and business street, construction work should be done by contract in order to lessen the time the street is placed out of usage and the contract for this work should be included in the Reconstruction of Streets loan when same is accepted and approved.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

City of Boston,

Public Works Department, April 23, 1936.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.
Dear Sir,—I beg leave to acknowledge receipt of your note of April 16 with attached City Council order dated April 13, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Iola, Eldon and Westcott streets, Dorchester, Ward 14."

and to state that Iola street, from Talbot avenue to Tonset street, has a length of 354 feet with a roadway width of 26 feet and a sidewalk width on either side of 7 feet. The existing pavement is 4-inch asphalt macadam, laid in 1935 by E. R. A. Federal funds, and the roadway is now in good condition. Due to the late completion of the roadway last fall, it is not considered advisable to replace the sidewalks and it is the purpose to construct and replace the present sidewalks in the very near future.

Eldon street, from Rosseter street to Washington street, has a length of 578 feet. The roadway width is 34 feet and the sidewalk on either side has a width of 8 feet. The existing pavement is water-bound macadam, laid in 1906, with occasional

brick sidewalks, all in poor condition. The estimated cost of a smooth pavement on a concrete base, concrete edgestones and artificial stone sidewalks is \$11,000. It is the purpose of this department, however, to include this construction work in the W. P. A. project available after July 1, 1936.

Westcott street, from West Park street to Talbot avenue, has a length of 713 feet, roadway width of 26 feet and a sidewalk width on either side of 7 feet. The existing pavement is waterbound macadam, laid in 1911, granite edgestones and artificial stone sidewalks. The roadway is in exceptionally poor condition. To place a smooth pavement on a concrete base and regulate the granite edgestone and artificial stone sidewalks would cost \$8,600. A satisfactory street can be constructed under W. P. A. activities and there is an approved W. P. A. project at the present time.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

City of Boston,

Public Works Department, April 24, 1936.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 8 with attached City Council order dated April 6, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Hazleton, Greenwood, Mascot and Greenock streets, Ward 14."

and to state that Hazleton street, from Blue Hill avenue to 565 feet northwest of Blue Hill avenue, has a length of 565 feet and a roadway width of 34 feet and the sidewalk on either side is 8 feet in width. The existing pavement is tar macadam, granite block gutters, granite edgestones, artificial stone sidewalks with loam spaces, laid in 1911. This resurfacing is now included in a W. P. A. project and will be started in the near future.

Greenwood street, from Erie street to Harvard street, has a length of 2,360 feet; roadway width of 26 feet and sidewalk width of 7 feet on either side. The existing pavement is about one half asphalt macadam, laid in 1933, and one half tar macadam, laid in 1911. This street is also included in a W. P. A. project which has been approved and work will start in the near future.

Mascot street, from Mountain avenue to 141 feet south of Ballou avenue, has a length of 1,318 feet, roadway width of 26 feet and a sidewalk width on either side of 7 feet. The existing pavement is about one eighth asphalt macadam, laid in 1919. The remaining seven eighths is tar macadam, laid in 1913. The reconstruction of this street is now included in the State program and work will start in the immediate future.

Greenock street, from Blue Hill avenue to Harvard street, has a length of 596 feet with a roadway width of 26 feet and a sidewalk width of 7 feet on either side. The existing pavement is asphalt macadam with granite block gutters, granite edgestones and artificial stone sidewalks, laid in 1913. It is the intention to do this work under a W. P. A. project and is included in a series of projects to start on or about July 1, 1936.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

RESURFACING OF TEMPLE STREET.

The following was received:

City of Boston,

Office of the Mayor, April 24, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Commissioner of Public Works relative to your order of April 13, 1936, concerning the resurfacing of Temple street in Ward 3.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, April 24, 1936.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 16 with attached order of City Council dated April 13, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Temple street, Ward 3."

and to state that Temple street, from Derne street to Cambridge street, has a length of 584 feet, roadway width of from 19 to 21 feet and a sidewalk width varying from 6 feet to 8 feet. The existing pavement is asphalt macadam, laid in 1914, cobble gutters, granite edgestones and brick sidewalks, all in very poor condition.

The cost of a smooth pavement with a concrete base and the necessary regulating will cost \$6,200. This street should be resurfaced, due to traffic conditions, and can be cared for in the Reconstruction of Streets loan when same is approved.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

CLASSIFICATION OF DEPENDENT PERSONS ON RELIEF.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1936.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Overseers of the Public Welfare relative to your order of March 30, 1936, concerning a report containing in a certain detailed form a classification of the persons on the dependent aid relief rolls.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
April 16, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.
Dear Sir,—This is to acknowledge receipt of your communication of April 9, 1936, inclosing the following order from the City Council, dated March 30, 1936:

"Ordered, That the Overseers of the Public Welfare in the City of Boston, through his Honor the Mayor, be requested to furnish the City Council with a classification of the persons on the dependent aid relief rolls, showing:

1. Total number on dependent aid relief.
2. Total number of these unemployable
3. Total number of these employable, male.
4. Total number of these employable, female.
5. The present distribution of work to employables, giving the number at work in each department, and activity and type of work which is being done by the several groups."

I answer immediately questions 1 and 5 and will send you as soon as possible, when the facts are tabulated, answers to 2, 3 and 4.

1.	20,477.	
5.	Public Works Department:

BENCHES IN FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, April 21, 1936.
To the City Council.
Gentlemen,—I transmit herewith a letter from the chairman of the Park Department relative to your order of April 13, 1936, concerning the advisability of the erection of benches, suitably spaced, along the promenade in Franklin Park, from the colonnade entrance to the Bird House.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, April 17, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of April 16, with inclosure, order from the City Council that the Park Commission consider the advisability of erecting benches, suitably spaced, along the promenade in Franklin Park, from the colonnade entrance to the Bird House.

It will be a pleasure to give this matter my personal investigation and consideration.
Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BUS LINE FROM FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the trustees of the Boston Elevated Railway relative to your order of April 6, 1936, concerning

the advisability of having a shuttle bus line from Franklin Park station to Quincy street and Blue Hill avenue, Roxbury.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
April 31, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.
Dear Sir,—Replying to your letter of April 8, with order of the City Council requesting that the railway consider the advisability of having a shuttle bus line from Franklin Park station to Quincy street and Blue Hill avenue, Roxbury, the trustees have considered the request but do not feel that they can consistently grant it. Such a shuttle bus line would be in competition with existing car service, and the ride between these two points may now be made for a ten-cent fare by transfer at Grove Hall.

Very truly yours,
EDWARD DANA,
Executive Vice President
and General Manager.

Placed on file.

BUS LINE FROM BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the trustees of the Boston Elevated Railway relative to your order of March 30, 1936, concerning the advisability of the establishment of a bus line to run from Blue Hill avenue and Morton street to Forest Hills station.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
April 21, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.
Dear Sir,—Replying to your letter of April 6, with order of the City Council requesting that the railway consider the advisability of establishing a bus line to run from Blue Hill avenue and Morton street to Forest Hills station, the trustees have considered the request but do not feel that they can consistently grant it. The proposed service would operate through non-residential territory, and the revenue would probably not be sufficient to meet the cost of operation. Opportunity now exists for persons in the vicinity of Blue Hill avenue and Morton street to reach Forest Hills station via Mattapan and Cummins Highway or via Eggleston square and the Elevated.

Very truly yours,
EDWARD DANA,
Executive Vice President
and General Manager.

Placed on file.

TAXATION OF NEW ENGLAND TELEPHONE PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Board of Assessors relative to your order of March 16, 1936, concerning the right of the City of Boston to tax the New England Telephone and Telegraph Company on various manholes, terminals, conduits and other appurtenances in use by said company underground and located in or under Boston streets.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Assessing Department, April 23, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Replying to the letter regarding the taxation of the New England Telephone and Telegraph Company on the various manholes, terminals, conduits and other appurtenances in use by said company underground, and located in or under Boston streets, I would say that the valuations of the machinery, poles, wires and underground conduits, wires and pipes of all telephone and telegraph companies are determined by the Commissioner of Corporations and Taxation, as provided by section 39 of chapter 59 of the General Laws.

The commissioner certifies to the assessors the amount to be assessed, annually, on or before the fifteenth day of March.

The assessors fix the value as determined by the commissioner under the provisions of said section 39.

In arriving at the valuation, the commissioner has before him the return of the Telephone and Telegraph Company, which contains all the information that he considers necessary to enable him to make the valuation, and he advises me that in arriving at its value he has taken into consideration all of the property that is taxable under the present law.

The assessors have no right to tax any property other than the real estate, excepting upon the certification of the Commissioner of Corporations and Taxation.

The amount certified by the commissioner for the year 1936 on the New England Telephone and Telegraph Company is \$13,645,450.

Very truly yours,
EDWARD T. KELLY, Chairman.

Placed on file.

REPORT ON NEW ENGLAND TELEPHONE PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Board of Street Commissioners and a letter from the Commissioner of Public Works relative to your order of March 16, 1936, concerning a report as to how many manholes, terminals, conduits, and other appurtenances in use by the New England Telephone and Telegraph Company underground are now located in or under Boston streets.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Street Laying-Out Department,
April 8, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—Inclosed please find order of the City Council requesting certain information as to manholes, terminals, conduits, etc., used by the New England Telephone and Telegraph Company, together with your request for consideration and report.

In reply I wish to state that this information is not contained in any records of the Street Laying-Out Department, but I am informed that some of it may be secured from the Permit Office of the Public Works Department.

Respectfully,
OWEN A. GALLAGHER, Chairman.

City of Boston,
Public Works Department, April 16, 1936.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 11, with attached City Council order dated March 16, and reading as follows:

"Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to at once file a report with the City Council as to how many manholes, terminals, conduits and other appurtenances in use by the New England Telephone and Telegraph Company underground are now located in or under Boston streets, with the location and surface area of each."

and to state that the Public Works Department has no complete set of records or plans from which the information desired can be obtained. While it is a fact that permits are issued by the Public Works Department to the New England Telephone and Telegraph Company for construction work, old records going back forty years, to 1896, at which date the underground construction was started by the Telephone Company, are not now available.

The procedure to obtain this information will be to have a survey made of every manhole location in Boston and to obtain from the Telephone Company the size of conduits on which manholes are built. It would take at least six months to obtain the correct data and information desired.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

TRAFFIC SIGNAL, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Traffic Commissioner relative to your order of April 6, 1936, concerning the installation of a traffic signal which shall warn operators of motor vehicles either to slow down or stop before entering Washington street from Ashmont street in Ward 17.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, April 13, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated April 6, 1936, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a traffic sign which shall warn operators of motor vehicles either to slow down or stop before entering Washington street from Ashmont street."

Orders have been issued to erect a "Slow" sign in Ashmont street, near Washington street.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

REPAVING WARD 9 STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 11, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Commissioner of Public Works relative to your two orders of March 30, 1936, concerning requests to repave with smooth pavement Lamont street and Dilworth street in Ward 9.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, April 9, 1936.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of April 6 with attached orders of City Council dated March 30, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Lamont street and Dilworth street, Ward 9."

and to state that Lamont street, from Vernon street to Linden Park street, has a length of 514 feet, and the existing pavement is one-third asphalt macadam, laid in 1928, and two thirds tar macadam, laid in 1912. It is the intention of this department to resurface Lamont street, between Vernon street and Linden Park street, with asphalt macadam under a P. W. A. project, the work to start early in May.

Dilworth street, from Northampton street to Camden street, has a length of 324 feet with sidewalk width of 7 feet on either side. The pavement is asphalt macadam, laid in 1921. The existing sidewalks are brick. To lay a smooth pavement on a concrete base with artificial stone sidewalks, including necessary regulating, will cost \$4,000. There is no appropriation available at the present time for this construction work.

Respectfully yours,

C. J. CARVEN,

Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Sister M. Aloysius, for compensation for injuries caused by an alleged defect on stairway of Administration Building.

Helen M. Bissert, for compensation for injuries and damage to property caused by an alleged defect at 21 and 23 Brook avenue.

Celia Caputo, for compensation for injuries caused by city truck.

Mary V. Clasby, for compensation for damage to car caused by an alleged defect at 31 Oakley street, Dorchester.

John F. Daly, for compensation for damage to car caused by an alleged defect in South street, Jamaica Plain.

Harold R. Darling, for compensation for injuries caused by an alleged defect at 18 Scollay square.

Salvatore Gozzo, for compensation for damage to car caused by an alleged defect at Salem and Cross streets.

May A. Hallinan, for compensation for injuries caused by an alleged defect in Roseland street.

Rose Katler, for compensation for injuries caused by an alleged defect in Cliff street, Roxbury.

P. J. Keefe, for compensation for injuries caused by an alleged defect at Franklin and Devonshire streets.

Martin A. Kenealy, Jr., for compensation for damage to car by ash team.

Mrs. C. McCabe, for compensation for damage to property at 345 Gallivan Boulevard, caused by broken water pipe.

New England Laundries, Inc., for compensation for damage to car by city truck.

Lizzie M. Piercy, for compensation for injuries caused by an alleged defect at 281 Bowdoin street.

Elizabeth Reddish, for compensation for injuries caused by city truck.

James Ross, for refund paid for dog license.

Catherine Waters, for compensation for damage to property at 83 Tower street, caused by city truck.

W. G. Williams, for compensation for injuries caused by an alleged defect at 15 Water street.

Committee on Jitney Licenses.

Petition of Interstate Passenger Service for license to operate motor vehicles from Cambridge line to Park square, from Sullivan square, Rutherford avenue, Prison Point Bridge, to Northern Artery, over bridge to traffic circle at foot of Charles street, Charles street to Park square.

Petition of Medway and Dedham Bus Line for license to operate motor vehicles from Dedham line to Park square, over State Route 1 to Spring street, Centre street, Columbus avenue, Park square.

Executive.

Petition of Mary M. McNamara for annuity on account of death of her husband, Charles C. McNamara, late member of Fire Department.

Petitions for children under fifteen years of age to appear at public places of amusement, viz.:

Ruth Taylor, Eliot Hall, May 4 and May 9.

Lucile Perry Hall, Repertory Theatre, May 26.

Miriam Winslow, Repertory Theatre, May 2.

Hazel Boone, Repertory Theatre, June 8.

COMMITTEE ON UNCLAIMED BAGGAGE.

Petition of Boston & Maine Railroad to sell unclaimed baggage at public auction on May 14, 1936.

APPOINTMENT OF JOHN P. O'HEARN.

Notice was received from the Mayor of appointment of John P. O'Hearn of 1509 Dorchester avenue, Dorchester, as assessor of City of Boston and member of Board of Assessors, to fill vacancy caused by death of Michael J. Brophy, for term ending March 31, 1938, said appointment to take effect at beginning of business Thursday, April 23, 1936.

Placed on file.

LOCATION TO TARRANT P. KING.

Notice was received from the Board of Street Commissioners of permission granted to Tarrant P. King and others, trustees of South Boston Industrial Track, for private spur track on East First street, Ward 6.

Placed on file.

MINORS' LICENSES.

Petitions were received for minors' licenses from forty-one newsboys and three bootblacks.

Licenses granted on usual conditions.

STREET RAILWAY POLICE.

Notice was received from the Mayor of Cambridge of appointment of street railway police for Boston Elevated Railway.

Placed on file.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in the City of Boston for the month of April, 1936.

Report accepted; said order passed.

CONSTABLES SERVING CIVIL PROCESS.

On motion of Coun. AGNEW, the Council took up, under unfinished business, No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor April 13, 1936, of constables authorized to serve civil process upon filing bond, as contained in City Document No. 51.

The question came on confirmation of the appointments set forth in Document No. 51.

Coun. AGNEW—Mr. President, the Committee on Constables recommend that all names contained in Document 51 be approved, with the exception of the following: Clarence L. Baker, Charles A. Baneroff, Alfred Blaustein, John B. Blotto, Thomas Cannizzaro, Thomas C. Carr, Ashod Donabedian, Edmund C. Grady, St. Clair E. Hale, Thomas J. Hayes, Joseph Herman, Charles H. Jackson, Benjamin Jacobson, David B. Kaplan, George Katz, Salvatore Maffei, Harold C. Mitchell, Emil Ober, Emil H. Ober, Kenneth Prouty, David I. Rattet, Edward J. Rockett, Maurice Rosenberg, Israel Spector, Frank J. Stauls, John Sualich, William Tepper, Abraham I. Weiss. Those names I have just called off, Mr. President, are held up for various reasons, either because there have been complaints against them in the Law Department or that they personally did not appear before the Committee on Constables.

Coun. WILSON—Mr. President, I am sorry that I have been unable to get in touch with the chairman since the close of last week, but now, with his permission, I will ask that the names of Alfred N. Sarno be held up for the present for good and sufficient reasons, which I will be glad to give to the committee but which did not come into my possession until Saturday.

President FITZGERALD—Does the chairman of the committee accept that amendment?

Coun. AGNEW—As chairman of the committee I will accept. I will also state that there were some matters called for in the questionnaires which

some of them neglected to fill out, and that that is an additional reason why their names are not submitted for approval at this time.

Coun. McGRATH—Mr. President, I also have a few names here that I would like to have held up: William A. Ansie, 24 South Munroe terrace; William F. Delaney, 6 Hutchinson street; John H. Howard, 472 Gallivan Boulevard; John A. May, 25 Upland avenue; John J. Miller, 45 Nottingham road; Patrick H. Murphy, 25 Whitten street; John A. Wragg, 62 Shepton street.

Coun. ROBERTS—Mr. President, two of those names I happen to know about. I happen to know something, for example, about the qualifications of John J. Miller and I see no reason why his name should be held up. I know that he is engaged in business with several of the councilors, and that they can vouch for him. I would like to ask that action on the list be postponed until after our recess.

The Council voted that action on the names be postponed until after the meeting of the Executive Committee.

CONSTABLES CONNECTED WITH OFFICIAL POSITIONS.

On motion of Coun. SELVITELLA, the Council took up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 13, 1936, of constables connected with official positions without authority to serve civil process, as contained in City Document No. 50.

The question came on confirmation of the names contained in Document 50.

Coun. AGNEW—Mr. President, the Committee on Constables recommend the approval of all names contained in Document No. 50, as is.

Coun. McGRATH—Mr. President, I would like to have the name of John Skelly, of 88 Dix street, held up.

President FITZGERALD—The question is on confirmation of all the constables whose names are contained in Document 50, with the exception of John Skelly of 88 Dix street.

Coun. WILSON—Mr. President, I shall be very brief on this. It may be that the procedure followed last year has been followed this year and that enough political plums in the way of patronage jobs have been thrown to the members of the Council so that there are here the necessary twelve votes for confirmation. I would, however, as I did last year, call the attention of the Council to the following figures. The record shows that Mayor Curley, who has always had a fairly good reputation in the matter of taking care of his friends, appointed only thirty-six of these constables in 1925 to city positions; that Mayor Nichols in the first year of his administration, 1926, appointed thirty-seven, in 1928, appointed twenty-five, and in 1929 appointed thirty, including eight men from Mayor Curley's administration. Last year these political appointments mounted to a new high in the history of the city, seventy-six in all, and this year we are topping that high and carrying a list of seventy-nine. Of course, I do not need to tell any member of the Council, because we all know it, that this constable racket is simply a procedure of each administration to put in under cover, for the most part, political friends of the administration and of certain councilors who are in favor with the administration. I do not make this remark with reference to all constables appointed to city positions, because some of them who are appointed year after year are necessary, and some on this particular list are old and tried city employees, men who have been doing good work and whom I would like to see reappointed. But, of course, we all know that there is no rhyme or reason in these depression times, when even vacancies in the Police Department are not being filled, with the result that the residential districts are in large part unprotected, to appoint seventy-nine constables to city positions. We know that the only reason why they are appointed is to get around the civil service law, with the result that many of our constituents who are looking for positions as clerks under the civil service, and who are on the civil service list, with veterans at the top, stand no chance for appointment, because of just this sort of thing. So I say to those members who are interested in such people that they need have little hope, because of the appointment of all these men as constables at this time, and that it will do no good for them to complain later on when the annual budget comes before us and when they will have to tell the men in their wards who are on the civil service clerical list, many of them veterans, that because of these constables being appointed in this way, outside of the civil service list, men for whose confirmation they have voted, these other friends of theirs who are on the civil service clerical list will have no chance. I am going to ask for a roll call on this, Mr. President.

The roll call was declared not ordered. The question came on confirmation of the names of the list, with the exception of John Skelly, and Coun. Gallagher and Selvittella were appointed as the committee. Whole number of ballots 17, necessary for confirmation 12. Yeas, 16, nays, 1, and the appointments, with the exception of John Skelly, were confirmed.

WEIGHERS OF GOODS, ETC.

President FITZGERALD called up, under unfinished business, No. 3 on the calendar, viz.:

3. Action on appointments submitted by the Mayor April 13, 1936, of weighers of goods and other minor officers paid by fees, as contained in City Document No. 54.

The question came on confirmation of the appointment. Committee, Coun. Mellen and Agnew. Whole number of ballots 15, yeas 15, and the appointments were confirmed.

LOAN FOR CARE OF DEPENDENTS.

President FITZGERALD called up, under unfinished business, No. 4 on the calendar, viz.:

4. Ordered, That under the provisions of chapter 80 of the Acts of 1936 the sum of \$4,000,000 be, and hereby is, appropriated, to be expended under the direction of the Overseers of Public Welfare, for Care of Dependents, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On April 6, 1936, the foregoing order was read once and passed, yeas 17, nays 1.

The order was given its second and final reading and passage, yeas 17, nays—Coun. Wilson—1.

ADDITIONAL LAND NEAR CITY HALL.

President FITZGERALD offered the following:

Ordered, That a special committee, to consist of five members of the City Council, be appointed to make a study and investigation as to the advisability of the city acquiring additional land or buildings in the vicinity of the present City Hall for the purpose of housing the departments now occupying rented quarters.

The order was passed under suspension of the rule.

OPENING OF L STREET BATH CONVENIENCE STATION.

Coun. GEORGE A. MURRAY and KERRIGAN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to open the L Street Bath convenience station facilities for the accommodation of W. P. A. workers employed in that district.

Passed under suspension of the rule.

PERMIT TO SOUTH BOSTON INDUSTRIAL TRACK.

Coun. GEORGE A. MURRAY and KERRIGAN offered the following:

Ordered, That his Honor the Mayor request the Board of Street Commissioners to revoke the permit issued to Tarrant P. King and others, trustees of the South Boston Industrial Track, as the present track is sufficient to adequately provide for them and no additional permits are necessary.

Coun. GEORGE A. MURRAY—Mr. President, last week there was a hearing before the Board of Street Commissioners with reference to the South Boston industrial track. At the present time along East First street in South Boston, those people who have business there are served by the New York, New Haven & Hartford Railroad along that street. This petition is brought by one Tarrant P. King and others to extend the track from M street down to Farragut road. At the present time their track runs as far as M street and no farther. Sometime ago, when a hearing was held before the Department of Public Utilities, it was brought out that the section is chiefly a residential one and it being such, I wish to object to any additional track being extended through that part of my ward. The situation is very adequately covered at the present time, and there is no necessity for such additional trackage rights being given to Tarrant P. King.

The order was passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 21.

Coun. AGNEW offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install traffic signal lights at Beacon and Mountfort streets, Ward 21.

Passed under suspension of the rule.

ADDITIONAL MEN FOR FIRE DEPARTMENT.

Coun. MELLEN offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to make provisions in his budget to provide for the addition of three hundred men to that department.

Passed under suspension of the rule.

RESURFACING PLEASANT STREET, WARD 2.

Coun. MELLEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Pleasant street, Ward 2.

Passed under suspension of the rule.

CHARLESTOWN MUNICIPAL BUILDING BOILERS.

Coun. MELLEN offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to advise the City Council as to the condition of the boilers in the Charlestown Municipal Buildings, which are alleged to be defective, with a view of making immediate repairs by regular city employees, so that the work can be done in the shortest possible time to make possible the keeping of this building open during the entire summer for the accommodation of the residents of the Charlestown district.

Coun. MELLEN—Mr. President, it has happened in the past that the municipal building in Charlestown has remained shut for a period of months, especially in the hot weather, and I am under the impression, from information I have received, that the custodian of the building is contemplating repairs of the boilers during the summer season this year, at a time when the building should be kept open for the accommodation of residents of the Charlestown district. The boilers, I understand, are fair, but the solicitude of the custodian for the boilers and their repair in the vacation months seems to be in order that he may at that time get a vacation with pay. Therefore, I am asking whether, if repairs are necessary, they cannot be made immediately by city employees and done in the shortest possible time, so that the buildings may be available for use by residents of the district in the summer months.

The order was passed under suspension of the rule.

RESURFACING WARD 14 STREETS.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving Willowood street, Ellington street and Browning avenue, Ward 14.

Passed under suspension of the rule.

WADING POOL, FRANKLIN FIELD.

Coun. ROSENBERG offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to consider the advisability of the erection of a wading pool in Franklin Field for the convenience and comfort of the children of that district.

Passed under suspension of the rule.

SOUTH BOSTON AQUARIUM.

Coun. WILSON offered the following:

Ordered, That the Park Commissioner, through his Honor the Mayor, be requested to arrange for keeping the South Boston Aquarium open to the public each day for a longer period than from 10 a. m. to 5 p. m. during the summer, especially on Saturdays, Sundays and holidays.

Coun. WILSON—Mr. President, speaking very briefly, and not, of course, wishing to interfere even indirectly with the very able representatives of South Boston, this Aquarium is for the benefit of the people of this city generally, and especially of the children. I personally was in that section yesterday afternoon, and, frankly, was rather surprised to find that on Sunday afternoon the doors were closed at five minutes past five. It does seem that, especially on Saturdays, Sundays and holidays, it should be kept open longer than the usual hours. I would urge the practice, with regard to aquariums and that sort of activity that is adopted in New York and other cities, of having a seven-day week and overtime hours. From the very nature of such activities that practice should be adopted. I would suggest, therefore, to the Park Commissioner that on Sundays, holidays and Saturdays the time should be extended in the latter part of the afternoon, especially with daylight saving, having in mind the fact that very few people would naturally be there until the afternoon and later hours and that, accordingly, it would be well to stay open until a later hour than five in the afternoon.

The order was passed under suspension of the rule.

DORCHESTER ASHES AND GARBAGE CONTRACTS.

Coun. WILSON offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to advise the City Council promptly what financial adjustments, if any, have been made, incident to

the ashes and garbage contract in the Dorchester district, following failure by the contractor to comply with contract agreements that barrels and receptacles be returned to the easily-accessible location from which they have been removed.

Coun. WILSON—Mr. President, let me say, very briefly, that I have continued to receive complaints with reference to the policy of removing and replacing barrels in the Dorchester district. I was in receipt recently of a letter from a constituent to the effect that, despite the fact that the new contracts specifically provide that the barrels shall be removed from an easily accessible spot and returned to the same place, it is not being done. This constituent, endeavoring to get in touch immediately with Mr. Carven, was informed, not by Mr. Carven personally but by another person, that this agitation for the removal and replacing of the barrels was only a publicity stunt. But Mr. Carven explained that when that provision of the contract was not observed he was holding back payments due the Dorchester contractor, and that an adjustment would be made. Of course, the constituent quite properly pointed out the fact that, while that might be of some assistance, it still would not put back the barrels where they belonged. But there seems to be no doubt of Mr. Carven's intention in the matter, and I thought it might be well to check up and see just what results, if any, were being obtained in this direction.

Coun. McGRATH—Mr. President, I also thought it desirable to introduce such an order and not for publicity reasons. I introduced it, and, cooperating with other councilors from Dorchester, we had a hearing. At that time I believe the contractor who was not seeing to it that this provision was carried out was reprimanded and told that if the barrels were not put back he would have his contract revoked, if possible. I think the service since then has been improved. However, I am still receiving complaints about the barrels not being put back, although I understand that there has been an arrangement made to have them put back, that the contractor has promised the Public Works Commissioner that it will be done. The information I have received is from my brother councilor, Fitzgerald.

Coun. PETER J. FITZGERALD—Mr. President, as one of the Dorchester councilors, I want to say that I was down in the Public Works Commissioner's office today, and noticed that this contractor, Mr. McCabe, was there. He appeared to be in quite a sweat. I was informed later that he stated in the Public Works Department that he intended to have the barrels put back, that recently such orders had been issued to his men, but that in some cases they had neglected to carry them out. It looks to me like passing the buck to the employees. The barrels have not been returned as they should have been. It is true that there has been a slight improvement. I have, however, received a number of complaints, to which I have called the attention of Mr. Arvedon, his clerk, because I thought it was better to do that than to send complaints to the Public Works Department. As I say, I think there is a slight improvement, but the barrels are not being put back at the rear of the yard, as they should be, and as stipulated in the contract. I think, however, judging from the look on the contractor's face when I saw him today, that we will not have in the future complaints about the barrels not being put back in the yards.

The order was passed under suspension of the rule.

ADDITIONAL HOSPITAL SERVICE, RIVER STREET.

Coun. WILSON offered the following:

Ordered, That the trustees of the Boston City Hospital, through his Honor the Mayor, be requested to provide for out-patient and relief station hospital service at the hospital buildings located on River street.

Coun. WILSON—Mr. President, the basement of the library building in Codman square is a central point, I suppose, as far as being used by the local community nurses is concerned, for ordinary medical or health treatment, except that many of the persons going there in the early part of the day may have contagious diseases and during the afternoon with mothers going there with their children in baby carriages to that single basement room in the library building, from a health and sanitary standpoint the situation would not be entirely as it should be. I realize that the trustees of the City Hospital would think the suggestion over for a long while before they would allow the use of any part of the hospital on River street for relief station and out-patient purposes. But, whether or not it meets with their full approval, I suggest, with the millions of dollars that have been invested in the hospital and its beautiful grounds and buildings, and with the expert services available there, there is no real practical reason why the people of the Dorchester section should not have access for relief and out-patient facilities to that hospital, rather than being obliged to go down to the Boston City Hospital at Northampton street.

Coun. McGRATH—Mr. President, I think about a month or six weeks ago, I introduced an order along the same lines, but I suggested the location of the Convalescent Hospital on Dorchester avenue, where the present building is now being

used as a sewing project for the W. P. A. I think it would be more central, and I suggested that whatever accommodations were needed at that point be built by W. P. A. funds. I think, as I have said, that the location would be more central and would fulfill the requirements of the district in a much better manner.

Coun. WILSON—Mr. President, I would, in light of what the councilor has said, be glad to move to amend my order, making it read so as to cover the use of the hospital on River street or the Convalescent Building on Dorchester avenue.

Coun. McGRATH—Mr. President, I would not desire to have the building now used for the W. P. A. sewing project used for this purpose, but there are probably five acres of land in the location I am speaking about, and the hospital could be built there. The present house is probably 100 years old, and it would cost too much to renovate it and put it in proper shape for this purpose. But I think a new building could be built there which would take care of the situation very nicely.

The order was passed under suspension of the rule.

REAL ESTATE TAKEN FOR TAXES.

Coun. WILSON offered the following:

Ordered, That the Public Buildings Commissioner, through his Honor the Mayor, be requested to at once furnish to the City Council the detailed information requested in City Council order of November 12, 1935, relating to certain real estate sold to or taken by the city for nonpayment of taxes, the right to redeem which has been foreclosed.

Coun. WILSON—Mr. President, I don't want to seem impatient with Major Hall of the Public Buildings Department, except that during the summer of 1935 we received repeated orders, through the Mayor's office, urging prompt passage of the new city ordinance placing in the hands of the Public Buildings Commissioner these various pieces of property, some vacant and some with improved properties on them. In compliance with those urgent messages from the Mayor the Council eventually passed an ordinance on October 7, 1935, and as long ago as the 12th of November, 1935, I requested of the Public Buildings Commissioner, through the Mayor, certain detailed information concerning the 600 or 700 parcels that had already gone through the Land Court. We discussed those properties at several meetings of the Council. It was my hope, gathered from the messages of the Mayor and gathered from what Major Hall said, that the city was going to take early action, preferably to sell these pieces of property and get in some money that the city certainly needs, or at any rate to take active charge of the illegal use of such places as were being occupied without right, and to collect the rental. They are still using the valuable property at the corner of Beacon and Hereford streets as a free parking space for the Fox and Hounds Club, and still using the property on Tremont street for a parking space and charging the public for it. I realize that the gentleman on Tremont street has a lot of "drag," but if there has been an "emergency," why should it go on for five or six months or a year, and why should anybody be allowed to use a piece of land properly belonging to the city free, land that could be leased or sold to him or to somebody else? Therefore, bearing in mind the order that we passed as long ago as October 7, 1935, and the order requesting information that went through as long ago as November 12, 1935, I really believe that we should get some action from the Commissioner of Public Buildings even if he might be given some of the newly appointed city constables for the purpose.

The order was passed under suspension of the rule.

COAL FOR WELFARE RECIPIENTS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to comply with City Council order of December 16, 1935, and cancel any existing contracts between the Babcock Coal Company and the City of Boston.

Ordered, That his Honor the Mayor be requested to promptly consider the advisability of calling a conference of the reputable coal and oil dealers in Boston relating to a fair price for prompt fuel deliveries to welfare recipients in Boston next winter, and the adoption of a proper plan whereby all fuel orders issued to welfare recipients may be presented to any reputable dealer at the agreed price.

Coun. WILSON—Mr. President, for the encouragement of the other members of the Council I will guarantee that these are the last orders I have to offer today, and this is the last time today when I shall expect to take up the time of the body. But I do urge the adoption of these two orders, in view of what has occurred in the last week or so. Mr. President, I believe the Finance Commission has just completed a splendid piece of work, in public verification of the disgraceful welfare fuel racket in Boston this past winter. But I cannot for one moment agree that the dismissal of Mr. Dowling is any solution of the problem. I hold no brief for John C. L. Dowling. But at least last week he did not join in the game

of "Puss in the corner" or "Button, button, who's got the button?" He was good soldier enough to sit there and take it, rather than whine and try to "pass the buck" where it properly belongs. Of course, I realize that there is an under-cover campaign under way to "get" Dowling. I question whether the Finance Commission are aware of that fact. But we in the Hall know it. And I for one protest against using this rotten coal mess to do the contemplated job on Dowling. I understand the chairman of the Welfare Overseers stated Saturday that until the Finance Commission hearings began late this month the story of the manner in which the poor have been victimized this past winter was all news to him! Have we a Board of Overseers so far removed from this mundane sphere, and living in such cloistered seclusion or such rarefied atmosphere, that they never read a daily newspaper? Do these Overseers live in some world apart? I venture to say that more than one welfare family of seven or more, limited to \$15 a week, has begun to think so. Were the City Council orders, long ago calling attention to the situation, and specifically directed to the Overseers, through the office of the Mayor, ever received? I can remember more than one Monday afternoon when the City Council requested the presence of the Board, of Mr. Dowling, that it was reported that the Board was busy with its weekly meeting. It is a shame that at some one of these Monday afternoon sittings by the Board some one from the spirit world did not sneak through a message to the Overseers that the Boston newspapers were carrying stories to the effect that welfare families in Boston were getting stale, rock and coal dust for fuel. Well, Mr. McMurry, you are chairman of the Board. Now, that a little bird has finally told you all about the rotten coal, and the short weight, and delayed deliveries, and drivers chiseling dimes from the poor, what are you going to do about it? Dowling isn't in the coal business. Dowling did not sign a contract for the delivery of coal to thousands of welfare families in Boston by a coal concern that does not even now boast ownership of a single coal truck, and a concern which, five days before being awarded the original contract of August, 1934, was incorporated with a paid-in capital of \$500. Could Dowling cancel the contract? Trying to "pass the buck" to Dowling is like trying to blame a baseball catcher for a wild throw by the pitcher. When the City Council Welfare Committee last week requested the presence of Chairman McMurry and Mr. Dowling, Mr. Dowling was not permitted to attend, following a meeting of the Overseers, and we were referred to the Mayor for any information. Dowling was the employee; the Overseers were in charge of the department; and the Mayor was the boss. And that's about the truth of the matter, isn't it, Mr. McMurry? But this contemptible coal racket is a different matter. This is a baby no one wants to claim. Instead of passing along the responsibility up where it belongs, we will blame the hired girl! Isn't that to be the story? Oh, no, we won't. I want to know how it happened that the Babcock Coal Company, without any real financial responsibility and without any independent facilities for complying with the contract requirement, was ever awarded perhaps 80 per cent of all welfare coal deliveries, without any investigation or inquiry as to this infant company, five days old, at prices which any fair inquiry or study would have shown to be below cost, a contract which at its very inception inevitably meant fireproof coal, or short weight, or both, and plenty of cold and suffering for those least able to bear it, but who would not dare to speak up. I want to know how it happened that, despite repeated complaints, despite orders from the City Council, despite newspaper comment, despite letters and coal samples delivered to the office of the Mayor himself, this company has been permitted to continue doing business with the city. Who is their guarantor of special favor? Do you really mean, Mr. McMurry, that this coal scandal is some dark secret that Mr. Dowling was keeping from the Board of Overseers and from the Mayor, that nobody knew anything about, except the newspapers and the public? Isn't it a fact that the entire question was discussed at a meeting of the Overseers as long ago as December 9, as a result of which the Board voted to ask the Supply Department to make an investigation? Isn't it a fact that as early as December 19 the Sealer of Weights and Measures was requested by your department to take samples of welfare fuel for analysis? Didn't you know that as long ago as December 19 the City Council, after protracted discussion of the entire matter of coal deliveries, unanimously passed my order requesting that the contracts of the city with the Babcock Coal Company and the Ventola outfit be canceled? I am not looking for any "goat" in this matter, Mr. McMurry. The taxpayers of Boston and the public generally, and especially the poor who have been the ones to take the most punishment and abuse, none of us want any whitewash. We don't want any burnt offerings. We want to know what strange power this company had, to be able to get away with it so long. The Babcock Coal Company is no creature of Dowling's certainly. He did not award the contract. He has no authority or power to cancel the contract. Your Overseers would even now undoubtedly very much resent Mr. Dowling's making any suggestion or recommendation to the Mayor over the heads of the Board, especially when the Mayor himself, as the head of the city government, stated as late as April 3 that in his opinion the whole matter was "greatly exag-

gerated" and an effort by some councilors to make it appear that the poor were being "persecuted." In view of all that, why "pass the buck" to John C. L. Dowling, or why sit quietly by and let anyone else "pass the buck" to Dowling, just because he was apparently game enough to stand by and not remind them to "see the boss"? What is the Board of Overseers going to do about it now that they have finally heard that something has been rotten in Denmark with the coal contract? Are the Overseers going to ask Dowling, or some of the employees, what to do? Or is the Board, in charge of the Welfare Department, about to ask the Mayor, as the "Big Boss," to get busy and do something? I again remind you that the Council asked as long ago as December 19 that the contract be canceled. And I personally wrote the Mayor on the 12th of March that the situation had by no means improved. Mr. President, you have been around here too long to do much more than smile when we hear anyone try to blame some subordinate official for a major mistake in the city business. You know, and I know, that not a street is laid out or accepted, not a gasoline permit is granted, not a contract is awarded, not even a job is filled, from city official down to City Hospital orderly, without an O. K. from the Mayor's office. Knowing that, I refuse to sit here and silently watch Dowling, or any other minor official, picked to "take the rap" for anyone in this contemptible coal racket. Now, for this proposed plan, so far as next winter is concerned. In my first order I have requested the Mayor to comply with the City Council order of December 16, 1935, and abrogate any existing contracts between the Babcock Coal Company and the City of Boston. The second order is a request that the Mayor of the City of Boston will promptly consider the advisability of calling a conference of the reputable coal and oil dealers in Boston relative to a fair price for prompt fuel deliveries to welfare recipients in Boston next winter, and the adoption of a proper plan whereby all fuel orders issued to welfare recipients may be presented to any reputable dealer at the agreed price; thereby following the arrangement made, as I understand it, in other cities and towns along the Atlantic seaboard. I believe welfare families should be given coal or oil orders that they can present to any reputable coal or oil concern, doing the same as has been done with food orders. I see no reason why that practice should not be adopted with fuel orders. I would urge, therefore, that the Mayor of Boston get together the reputable, substantial, financially responsible coal and oil dealers of Boston in a huddle in the Mayor's office,—where the business of the city is, of course, done,—talk the situation over, arrange for a good fair price that the reputable dealers of Boston should be paid, as all will agree, for the fuel furnished to the poor, and then proceed on that basis. Have the fair price fixed in that way and then, instead of a contract with a low bidder, intended as a slam at some other coal or oil dealers, have an arrangement so that those coal and oil dealers will be bothered by any reputable dealer in Boston. It may be said that the fuel will be a little more expensive. I am, however, narrow enough to feel that, if we are going to buy coal and oil to heat the houses of the poor families of Boston, we should at least make sure that they are getting good coal and oil, and if we cannot buy decent coal at less than \$11 a ton let us make up our minds to pay \$11 a ton. I don't know whether you listened in at the hearings of last week or not, but there were two things that stand out in my memory from the statements of welfare recipients. One was the statement of drivers, "Well, what do you expect of welfare coal?" There was discussion also in regard to the kind of coal furnished. One of the things that stands out in my mind is the picture of so-called coal furnished, filled with slate, and one of the families went out to a chain store, got some good coal and put it underneath the coal furnished under welfare, placing the good coal on the bottom and the other on top, and the coal on top would not burn, even with the fire under it. So I feel that the suggestion that I have made in this second order is a constructive suggestion, and I hope that the Mayor of Boston will see fit to give it due consideration.

Coun. SELVITELLA—Mr. President, I want to commend the gentleman from Ward 17 (Coun. Wilson) for bringing to light or exposing this coal racket which has been apparently existing for some time. And let me say that the coal racket is not even confined to the poor or indigent recipients. It is not only welfare recipients who are receiving this unburnable coal, but city departments are using coal of the same inferior type. Last Saturday afternoon, a small riot was averted at the Paris Street Gymnasium, East Boston, where there were more than one hundred men taking a shower. Suddenly what was supposed to be hot water turned to cold water, and everybody was in a turmoil waiting impatiently for the hot water to be turned on. My office was filled with complaints and demands for an investigation of the Paris Street Gymnasium situation this morning. I was astonished to learn from the custodian of that building that the Standard Coal Company of Roxbury, which furnished that department with coal, supplied more than ten tons of this inferior unburnable coal, as a result of the use of which the hot water turns into cold water. I heartily agree that reputable dealers ought to furnish the coal, and if that department has been receiving inferior coal there should be an investigation immediately of the situation in that and other city departments, because I am satisfied that

in East Boston, at least, they have been furnishing this inferior coal. Certainly, the Park Commissioner and the heads of any other departments so affected, should demand that such coal be immediately removed and replaced with burnable coal. The order was passed under suspension of the rule.

PAYMENT TO NORA MADDEN.

Coun. GLEASON offered the following:

Resolved, That the City Council of Boston favors the enactment of legislation authorizing the payment of a sum of money to Nora Madden for the murder of her son, John J. Madden, whose death occurred on April 21, 1934, while in the custody of the Boston Police Department, Station 10, Roxbury Crossing, Massachusetts, provided said legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

RECESS.

The Council voted, on motion of Coun. GALLAGHER, at 3.18 p. m. to take a recess subject to the call of the Chair. The Council re-assembled in the Council Chamber at 3.42 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at public places of amusement, viz.:

Ruth Taylor, Eliot Hall, May 4 and 9; Lucile Perry Hall, Repertory Theatre, May 26; Miriam Winslow, Repertory Theatre, May 2; Hazel Boone, Repertory Theatre, June 8,—that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on petition of Catherine V. Goode (referred March 2) to be paid annuity on account of death of her husband, James E. Goode, late member of Boston Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 340 of the Acts of 1933, an annuity of sixteen hundred dollars be allowed and paid to Catherine V. Goode, widow of James E. Goode, a member of the Fire Department, who died on February 16, 1935, as a result of injuries received in the performance of his duty, said annuity being made up of allowances as follows:

For the widow, Catherine V. Goode, so long as she remains unmarried, \$1,000 per annum. For each of the following-named children, so long as he or she is under the age of eighteen or physically or mentally incapacitated from earning, \$200 per annum: Margaret C. Goode, born July 19, 1922; James E. Goode, born November 30, 1926; Carroll D. Goode, born March 22, 1931, the payments to date from February 18, 1935, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed under suspension of the rule.

CONSTABLES AUTHORIZED TO SERVE CIVIL PROCESS.

Coun. AGNEW—Mr. President, the Committee on Constables submit Document 51 and ask for the approval of the names therein contained, with the exception of the following: William A. Ansie, Clarence L. Baker, Charles A. Bancroft, Alfred Blaustein, John B. Blotto, Thomas Cannizzaro, Walter F. Delaney, Ashod Donabedian, Edmund C. Grady, St. Clair E. Hale, Thomas J. Hayes, Joseph Herman, John H. Howard, David B. Kaplan, George Katz, Salvatore Maffei, Patrick H. Murphy, Emil Ober, Emil H. Ober, Kenneth Prouty, David I. Rattet, Edward J. Rockett, Maurice Rosenberg, Alfred N. Sarno, Israel Spector, Frank J. Staula, John Sualich, William Tepper, Abraham I. Weiss, John A. Wragg.

The question came on confirmation of the names set forth in Document No. 51, with the exception of the names stated above by Coun. Agnew. Committee, Coun. Gallagher and Selvitella. Whole number of ballots 17, yes 17, and the appointments were confirmed.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. ROBERTS, for the Committee on County Accounts, submitted report on communication (referred April 6) of Justice of East Boston District Court relative to appointment of Female Probation Officer—recommending passage of following order, viz.:

Ordered, That the salary of the Female Probation Officer of the East Boston District Court, determined by the Justice of said Court at the rate of eighteen hundred dollars per year, to take effect May 1, 1936, be and hereby is, approved.

The report was accepted, and the question came on the passage of the order.

Coun. PETER A. MURRAY—Mr. Chairman, I would like to ask for some information in regard to this matter from the committee.

Coun. SELVITELLA—Mr. President, in answer to my friend, I would say this, that East Boston has the only court in the county, I understand, that has no woman probation officer, and when the present justice was inducted into office he felt that it was his duty to see that there should be a woman probation officer there to take care of the needs and wants of the women who unfortunately come before his court. Every court has such a probation officer except that in East Boston. The order was passed.

TRAFFIC LIGHTS, WARD 7.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install traffic signal lights at Knowlton and Telegraph streets, Ward 7.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install traffic signal lights at Gates and Telegraph streets, Ward 7.

Severally passed under suspension of the rule.

Adjourned, on motion of Coun. GALLAGHER, at 3.49 p. m., to meet on Monday, May 4, 1936, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 183.

Capt. Perley S. Skillings of the Superintendent's Office, having arrived at the age of sixty-six and ten-twelfths years, and having performed faithful service in the Police Department for forty-one years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Capt. Perley S. Skillings be retired from active service and that his name be placed upon the department pension roll with pay at the rate of \$2,000 per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 5.45 o'clock p. m., Monday, May 4, 1936.

Captain Skillings was appointed a reserveman in this department April 11, 1895, and advanced to the grade of patrolman October 12, 1895. He was promoted as follows: Sergeant, February 8, 1908; lieutenant, December 20, 1913; captain, May 24, 1919.

Captain Skillings' service as a superior officer in this department has extended, as may be seen from his record, over a long period of years.

In the course of his career he has performed duty as a commanding officer in many sections of the city, dealing in a commendable manner with problems vital to peace, harmony and safety of the community, and effecting, as well, proper police administration of those in authority over him.

Captain Skillings, by nature, has always been considerate of others, and in dealing with those under his command, in the fulfillment of his trying duties, has been thoughtful of their welfare.

The captain has served with honor in his chosen profession and, now that retirement has arrived, the best wishes of all are extended to him for many years of happiness and contentment.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 184.

The following transfers are hereby ordered to take effect Wednesday, May 6, 1936, at 7.45 o'clock a. m.:

Patrolmen.

Charles H. Berkebile, from Bureau of Records to Division 13.

John Marrinich, from Bureau of Records to Division 13.

Laurence J. McNamara, from Division 13 to Division 7.

Leonard J. Delaney, from Division 13 to Division 7.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 185.

On February 17, 1936, and divers dates thereafter, Sergt. Joseph Maraghy of Division 15 (then of Division 10) and Patrolmen Paul A. Petzold, Charles L. O'Connell, Joseph L. Clark and William J. Collins of Division 10 and Patrolmen Daniel F. McCarthy and James E. Carney of Division 4, performed excellent police work in connection with the arrest and conviction of four men and a woman who had committed a series of armed robberies and breaks in Boston and in neighboring municipalities. The smashing of this gang interrupted plans for another series of armed robberies and breaks in Greater Boston. The timely action of these officers resulted in the seizure of a quantity of burglar's tools, firearms, ammunition, dynamite and fuse caps. It was disclosed that the dynamite was intended to be used in an effort to rescue a prisoner who was awaiting trial in the Dedham Jail for a holdup in Milton, Mass.

The commissioner is pleased to recognize and commend these officers for their initiative and intelligence in gathering important information which revealed the whereabouts of these desperate criminals, and for the courage these officers displayed in entering the "hideout" and effecting the capture.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 21, 1936

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:30 o'clock, the Chairman presiding.

Present: Messrs. Lyons, Mackey, Smith, Sullivan, and Tobin.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of the meeting on Apr. 6, 1936, were amended on page 55, to provide that the designation of Irene O. Mulrey as acting first assistant, kindergarten, in the Samuel Adams District, shall read to take effect Mar. 19, 1936.

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed, as amended.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of a principal and teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

ACCEPTANCE OF OFFICE

The following communication was received:

April 8, 1936

Miss Ellen M. Cronin, Secretary School Committee, City of Boston, 15 Beacon Street, Boston, Massachusetts

Dear Miss Cronin:

I accept for the term beginning September 1, 1936, the position of Superintendent of the Public Schools of Boston, to which I was elected by unanimous vote of the School Committee at the public meeting held on Monday, April 6, 1936.

Very truly yours,

(Signed) Patrick T. Campbell
Superintendent of Public Schools.
Placed on file.

The following communication was received:

April 21, 1936.

Miss Ellen M. Cronin, Secretary, Boston School Committee, 15 Beacon Street, Boston, Massachusetts.

Dear Miss Cronin:

In reply to your communication of April 6, 1936, notifying me of my reelection, it is a pleasure for me to accept the office of Assistant Superintendent of Schools for the six-year term, beginning September 1, 1936.

Will you be good enough to convey to the members of the School Committee the assurance of my grateful appreciation of their confidence?

Sincerely yours,

(Signed) M. J. Downey,
Assistant Superintendent.

Placed on file.

DEATH

The Superintendent reported the death of the following-named teacher:

Robert Treat Paine District—Anina L. Fitzsimmons, first assistant, kindergarten, Apr. 10, 1936.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Jeremiah E. Burke High School for Girls—Ruth M. Fessler, assistant, April 3, 1936.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancy caused by increase in numbers)

Department of Physical Education—Marie R. Cunningham, assistant instructor, physical education, May 11, 1936.

Laid over.

(To fill vacancy resulting from resignation)

Approved.

On motion of the Superintendent, it was

ORDERED, That the emergency employment of George Thomson as temporary shop instructor in the Boston Trade School, Mar. 9 to 13, 1936, inclusive (five days), is hereby authorized, compensation for such service to be at the established rate, six dollars (\$6) per day.

SPECIAL ASSISTANT

(New appointment)

East Boston High School—Anthony J. Pignato, mechanical department, Mar. 30, 1936.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent and under a suspension of the regulations, leaves of absence were granted as follows:

Theodore Lyman District—Thomas F. Luby, sub-master, March 1 to June 30, 1936, without pay.

Department of Manual Arts—Joseph P. Donovan, assistant, manual training, elementary, April 1 to June 30, 1936, without pay.

TRANSFER

A communication was received from the Superintendent, under date of April 21, 1936, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Ella J. Sullivan, assistant, intermediate, Abraham Lincoln District, to the same position in the Lewis Intermediate District, May 11, 1936.

Approved.

DESIGNATIONS

A communication was received from the Superintendent, under date of Apr. 21, 1936, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1936:

High School of Commerce—Walter L. McLean, junior master, as acting master, head of department (vice John A. Marsh, absent on leave), Feb. 24, 1936.

Bennett District—Mildred E. Rourke, assistant, kindergarten, as acting first assistant, kindergarten (vice Mathilde L. Hackebarth, absent on leave), Feb. 24, 1936.

Placed on file.

TEACHER OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Apr. 21, 1936, reporting that subject to the approval of the School Committee, he has assigned the following-named temporary teacher for home instruction of

physically handicapped children, to take effect on the date stated:

Minnie Soroken, Apr. 13, 1936.

Approved.

TRANSFER OF SCHOOL PHYSICIAN

A communication was received from the Superintendent, under date of Apr. 21, 1936, reporting the transfer of Dr. Philip E. A. Sheridan, school physician, Department of School Hygiene, to the position of Medical Inspector in charge of a Health Unit, Health Department, City of Boston, to take effect Apr. 27, 1936.

Approved.

GARDENING, SEASON OF 1936

The Superintendent offered the following five orders:

ORDERED, That the Superintendent is hereby authorized to conduct instruction in gardening during the season 1936 from April 27 to December 31, the summer term of which shall coincide with the summer vacation period.

ORDERED, That the Superintendent is hereby authorized to appoint teachers of gardening to the following ranks for service during the season 1936:

Supervisor of gardening
Garden teacher
Garden assistant
Assistant in school gardens

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in gardens during the season 1936.

ORDERED, That any teacher of gardening appointed for the season 1936 may be transferred by the Superintendent from one position to another for which said teacher holds the required license, and said teacher shall be paid according to the schedule established for the position actually filled during any session certified to by the Associate Director of Manual Arts.

ORDERED, That the hours of service of teachers and custodians employed in gardening during the season 1936, unless otherwise specified, shall be such portion of the time between 8 o'clock A. M. and 8 o'clock P. M. as the Superintendent may direct.

The five orders passed.

LEAVE OF ABSENCE TO SCHOOL NURSES

The Superintendent offered the following:

ORDERED, That the Supervising Nurse, the Assistant Supervising Nurses, and the School Nurses are hereby granted leave of absence without loss of pay for Saturday, April 11, 1936.

The regulations were suspended and the order passed.

ACCOMMODATIONS FOR GRADUATING EXERCISES

On motion of the Superintendent, it was

ORDERED, That the Department of School Buildings is hereby requested to secure the use of the accommodations indicated for the

graduating exercises of the several high schools on the dates specified: Brighton High School—Egyptian Theater, Friday morning, June 26, 1936.

Dorchester High School for Girls—Symphony Hall, Thursday afternoon, June 25, 1936.

English High School—Tremont Temple, Wednesday evening, June 24, 1936.

Girls' High School—Tremont Temple, Thursday evening, June 25, 1936.

Jamaica Plain High School—Jamaica Theater, Friday morning, June 26, 1936.

Jeremiah E. Burke High School for Girls—Symphony Hall, Wednesday afternoon, June 24, 1936.

Roxbury Memorial High School (Girls)—Symphony Hall, Tuesday afternoon, June 23, 1936.

South Boston High School—Jordan Hall, Friday evening, June 26, 1936.

AMENDMENTS TO RULES

A communication was received from the Board of Superintendents, under date of April 21, 1936, transmitting an order amending Section 80 of the Rules, with reference to the requirements for certificates XI. Special: Valid in Day High Schools, Industrial Instructors, and XXX. and XXXI. Day and Evening Industrial Schools.

Placed on file.

The Superintendent offered the following:

ORDERED, That the Rules are hereby amended as follows:

Sect. 80, paragraph XI. Special: Valid in Day High Schools. Under the industrial instructor in household science certificate requirements, strike out the following:

This certificate covers the rank of senior trade assistant, Continuation School and Trade School for Girls.

Strike out the requirements for the industrial instructors in dressmaking and millinery certificates and substitute in place thereof the following:

For the industrial instructors in dressmaking and millinery certificates:

Graduation from a high school approved by the board of superintendents, or evidence of an equivalent academic education, together with

(a) Satisfactory completion of an approved course in industrial training in the subject in which the candidate applies for certification, one year's experience in the same trade, and one year's experience in teaching the same subject; or

(b) Three years' experience in the trade in which the candidate applies for certification, one year of training to teach the same subject, and one year's experience in teaching the same subject; or

(c) Three years' successful experience in teaching the subject in which the candidate applies for certification, which experience shall include at least one year in a day high, intermediate, continuation or trade school.

These industrial certificates also cover the rank of senior trade assistant, Continuation School and Trade School for Girls; provided,

the candidate is already in possession of certificate XXX. Day and Evening Industrial Schools.

Candidates qualifying under these industrial instructors' certificates for service in state-aided courses must have completed a training course satisfactory to the board of superintendents, and must meet the following requirements:

(a) Twenty-one years of age; graduation from an approved three or four-year college or normal school household arts course, preferably vocational; and two years' satisfactory occupational experience in a subject in which the candidate applies for certification; or

(b) Twenty-five years of age; one year of approved special technical and professional training in the subject in which the candidate applies for certification, preferably in a vocational household arts; and four years of successful occupational experience.

Paragraph XXX. Day and Evening Industrial Schools: Under I. Education, strike out the paragraph and substitute in place thereof the following:

Satisfactory completion of a four-year course in an approved secondary school, general, technical, or trade, or the equivalent of such education.

Under II. Trade Experience, strike out paragraph (b) and substitute in place thereof the following:

(b) Candidates who present a diploma from an approved technical high school, covering a four-year course, must offer at least six years of approved experience in the trade in which the candidate applies for certification, of which not less than four full years must have been approved experience in ranks above that of apprentice. This experience must include one year as foreman or in charge of apprentices; provided, that in lieu thereof the candidate may offer one year of experience in teaching the processes of his trade in an approved day school, such year to be in addition to the six years specified above.

Insert the following new paragraph as paragraph (c):

(c) Candidates who present a diploma from an approved general high school, covering a four-year course, must furnish evidence of at least eight years of approved experience in ranks above that of apprentice in the trade in which the candidate applies for certification. This experience must include one year as foreman or in charge of apprentices; provided, that in lieu thereof the candidate may offer one year of experience as an executive in the industry or in teaching the processes of his trade in an approved day school, such year to be in addition to the eight years specified above.

Strike out the "Note" and substitute in place thereof the following:

Note.—Teachers of cookery and of dressmaking may meet the experience requirement in part as follows:

(a) Two years' home service of journeyman character, under carefully established conditions, as the equivalent of one year's trade experience

(b) Two years' satisfactory experience as student aid or special

assistant in an industrial department in cookery or dressmaking in an approved school as the equivalent of one year's trade experience.

Only one year's credit may be allowed under each of the foregoing items (a) and (b).

Under "Special Training," insert the following to immediately follow the paragraph which describes the special requirements for candidates majoring in airplane mechanics or airplane engine mechanics:

Candidates majoring in trades requiring licenses, must hold such licenses.

Paragraph XXXI. Day and Evening Industrial Schools: Under I. Education, add the following as a new paragraph:

Graduation from the Boston Central Evening High School will be accepted as the satisfactory completion of a four-year course in an approved secondary school.

Under II. Trade Experience, strike out paragraph (b) and substitute in place thereof the following:

(b) Candidates who present a diploma from an approved technical high school, covering a four-year course, must offer at least six years of approved trade experience in the trade in which the candidate applies for certification, of which not less than four full years must have been approved experience in ranks above that of apprentice. This experience must include four years' work of a type in advance of that of journeyman, i. e., as foreman or in charge of apprentices. Experience as an executive in the industry or as teacher of the processes of his trade in an approved day school may be offered year for year as equivalent of the experience as foreman or in charge of apprentices; provided, that such experience be in addition to the six years specified above.

Insert the following new paragraph as paragraph (c):

(c) Candidates who present a diploma from an approved general high school, covering a four-year course, must furnish evidence of at least eight years of approved trade experience in the trade in which the candidate applies for certification, of which not less than four full years must have been approved experience in ranks above that of journeyman. This experience must include at least four years' work of a type in advance of that of journeyman, i. e., as foreman or in charge of apprentices. Experience as an executive in industry or as teacher of the processes of his trade in an approved day school may be offered year for year as the equivalent of the experience as foreman or in charge of apprentices; provided, that such experience be in addition to the eight years specified above.

Under "Special Training," insert the following to immediately follow the paragraph which describes the special requirements for candidates majoring in airplane mechanics or airplane engine mechanics:

Candidates majoring in trades requiring licenses must hold such licenses.

Laid over.

TRANSFERS OF APPROPRIATIONS

The following communication was presented:

City of Boston—Department of School Buildings.

April 13, 1936

School Committee,
City of Boston,
15 Beacon Street,
Boston, Mass.
Gentlemen:

Under date of April 8th, 1936, the School Committee forwarded to the Board of Commissioners of School Buildings the following proposed order:

ORDERED, That of the amounts appropriated by the School Committee under dates of May 15, 1929 (see p. 106), July 10, 1929 (see p. 191), December 7, 1931, by transfer (see p. 314), July 22, 1932 (see p. 155), October 16, 1933, by transfer (see p. 176), and April 9, 1934 (see p. 51), the following amounts are hereby transferred to the 1934 item of school accommodations as listed below:

FROM

Item 20, 1929 — Dwight-Everett Districts, South End: Extension of Girls' High School yard, including grading and fencing....	\$ 904.00
Item 34, 1929—Bowditch District, Jamaica Plain: Enlargement of school yard	333.75
Item 15, 1931—Warren-Bunker Hill District, Charlestown: Furnishing of Clarence R. Edwards Intermediate School Building....	1,827.45
Item 16, 1932 — William Barton Rogers Intermediate District, Hyde Park: Furnishing of eighteen-classroom addition to William Barton Rogers School....	3,271.37
Item 11, 1933—Robert Gould Shaw District, West Roxbury: Complete construction of four-classroom addition, second story on original building, Randall G. Morris School	185.12
Item 3, 1934—Beethoven District, West Roxbury: Plans for two-story, thirteen-classroom building, of which six rooms and kindergarten are to be finished for occupancy, the second story to remain unfinished until the classrooms are needed	1,097.17
Item 5, 1934—Beethoven District, West Roxbury: Furnishing of six classrooms and kindergarten of thirteen-classroom building	47.83
Total	\$7,666.69

TO

Item 11, 1934—Shurtleff District, South Boston: Additional land for intermediate school.....	\$7,666.69
--	------------

This amount of money is necessary to be transferred in order to meet an execution of court for land damage and the Board of Commissioners of School Buildings have this date voted to approve the same.

Very truly yours,

Board of Commissioners of
School Buildings,
By Richard J. Lane,
Chairman

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of May 15, 1929 (see p. 106), July 10, 1929 (see p. 191), December 7, 1931, by transfer (see p. 314), July 22, 1932 (see p. 155), October 16, 1933, by transfer (see p. 176), and April 9, 1934 (see p. 51), the following amounts are hereby transferred to the 1934 item of school accommodations as listed below:

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1936, reporting the death, on Mar. 20, 1936, of Oliver L. Fortin, custodian of the James J. Chittick Schoolhouse, and recommending that the salary due him be paid to his widow, Mary Fortin.

Placed on file.

On motion, it was

ORDERED, That the salary due Oliver L. Fortin, late custodian of the James J. Chittick School-house, be paid to his widow, Mary Fortin.

CERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1936, submitting a certification of the areas of the Joyce Kilmer School-house, upon which the compensation for custodian service is based, to take effect Apr. 17, 1936.

Placed on file and the Chairman authorized to approve such certification, to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1936, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Walter S. Harvey, custodian, John Greenleaf Whittier School-house, Mar. 29 to Apr. 7, 1936, inclusive.

Jeremiah L. Lynch, custodian, Bunker Hill School-house, May 1 to 31, 1936, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1936, recommending that the transfer of Henry J. Fitzgerald from the Eliot to the Martin School-house, approved at the meeting of Apr. 6, 1936, be rescinded.

Placed on file and the action approving the transfer rescinded.

A communication was received from the Schoolhouse Custodian, under date of April 27, 1936, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John A. Gustus, from regular substitute custodian to the custodianship of the B. F. Tweed School-house, Apr. 26, 1936

Martin R. Hayes, from the Wendell Phillips to the Martin School-house, May 3, 1936

William D. Fox, from the Martin to the Wendell Phillips School-house, May 3, 1936

Placed on file and the transfers approved, to take effect on the dates stated.

REQUEST FOR ESTABLISHMENT OF SAFETY PROJECT UNDER N. Y. A.

Chairman: From various sections of the city it has been brought to my attention that safe play spaces are not available for young children. As a result we find children of school age playing in the streets and thereby liable to serious accident, particularly in the heavily congested areas. I wish to propose that this Committee request of the National Youth Administration the formation of a project which would enable us to open some of our school yards as play areas. This project would be in addition to our regular playground facilities. My plan would be to have competent persons, employees under the National Youth Administration, placed in charge of the school yards, which would then be left open after school hours. Due to the cost, it would be impossible for us either to provide playground apparatus for these yards, or to make provision for keeping open the school buildings. Nevertheless, I feel that simply opening these yards for free play would be of tremendous advantage to the youngsters of Boston. Therefore, I submit the following order which I trust will meet with your approval:

ORDERED, That the Boston School Committee, through the Secretary, request of the National Youth Administration the formation of a project to provide supervision within school yards for safe play areas for children of school age, after school hours, on Saturdays, holidays, and school vacation periods.

Passed unanimously.

UNFINISHED BUSINESS

The order passed at the meeting of Apr. 6, 1936 (see p. 56), authorizing revised editions of certain text books, was taken up and passed unanimously.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

JUNIOR UNEMPLOYMENT COMPENSATION ANALYST, UNEMPLOYMENT COMPENSATION ANALYST, SENIOR UNEMPLOYMENT COMPENSATION ANALYST, UNEMPLOYMENT COMPENSATION COMMISSION, JUNE 6, 1936.

Last date for filing applications, Saturday, May 23, 1936, at 12 noon.

These examinations are open to both males and females.

The above data applies to all three examinations. It is necessary to file but one application in order to take one or more of these examinations, but applicants should indicate what position or positions they wish to apply for.

Applicants for any or all of these positions should be familiar with chapter 479 of the Massachusetts law and amendments thereto, also chapter 271 of the Federal law.

The minimum salary for Junior Unemployment Compensation Analyst is \$1,560 a year; the maximum salary is \$1,800 a year.

The minimum salary for Unemployment Compensation Analyst is \$1,920 a year; the maximum salary is \$2,280 a year.

The minimum salary for Senior Unemployment Compensation Analyst is \$2,400 a year; the maximum salary is \$2,760 a year.

Duties, Junior Unemployment Compensation Analyst: Under supervision, to assist in analyzing reports submitted to the Unemployment Compensation Commission, to secure facts necessary for determining whether employers or employees are or are not subject to or covered by the Unemployment Compensation Laws; to make less important field surveys to secure additional facts necessary to the commission in connection with the administration of Unemployment Compensation Laws; to correspond with or to give information orally to employers and employees on less important matters in connection with such laws; and to perform related work as required.

Duties, Unemployment Compensation Analyst: Under supervision, to analyze reports submitted to the Unemployment Compensation Commission, to secure facts necessary for determining whether employers or employees are or are not subject to or covered by the Unemployment Compensation Laws; to make field surveys to secure additional facts necessary to the commission in connection with the administration of Unemployment Compensation Laws; to correspond with or to give information orally to employers and employees with reference to such laws; when necessary, to address employer, employee or other interested organizations for the purpose

of explaining the various phases of the law; and to perform related work as required.

Duties, Senior Unemployment Compensation Analyst: Under general supervision, to supervise the work of Unemployment Compensation Analysts; to review the work of such analysts and to instruct them in their duties; to handle the more complex problems arising out of the analysis of the reports and returns to the commission; when necessary, to address employer, employee or other interested organizations for the purpose of explaining the various phases of the law; and to perform related work as required.

Subjects and Weights (for all three positions): Training and experience, 3; general information, 2; report, 1; practical questions, 4; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, EMPLOYMENT OFFICE SUPERINTENDENT, JUNE 13, 1936.

Last date for filing applications, Monday, June 1, 1936, at 5 p. m.

This examination is open to both males and females.

The entrance salary is \$2,280 a year; the maximum salary is \$2,820 a year.

Duties: The superintendent of a local office shall direct and supervise its employees and work and perform personally as much of this work as is necessary or desirable. This includes the assignment of work and its supervision, maintenance of the record system and preparation of required reports.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have eight years of experience, four years of which shall have been in commercial, industrial or personnel work, of which at least two years shall have entailed supervisory responsibilities.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPAIRING BITUMINOUS PAVEMENT ON ANY ROADWAY IN THE BOSTON PARK SYSTEM UPON WHICH THE MAINTENANCE GUARANTY HAS EXPIRED.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for repairing bituminous pavement on any roadway in the Boston Park System upon which the maintenance guaranty has expired. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Repairing Bituminous Pavement on any Roadway in the Boston Park System upon which the Maintenance Guaranty has Expired," and left before 2 o'clock on Thursday, May 14, 1936, at the office of the Park Department with a certified check for \$2,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 100 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN, *Commissioners*.

(May 2-9.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLASS C IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service:

Approximately 50,000 pounds service pipe stock.

Blank proposals may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, May 19, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies,
(May 9.)

CITY OF BOSTON.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, May 20, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies,
(May 9.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Wednesday, May 20, 1936, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be not less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

D. FRANK DOHERTY,
Superintendent of Supplies,
(May 9.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows, effective May 22, 1936:

Section 8, Part 2, is amended by striking out the following:

Mason Street, Downtown Boston.

South side, from Mason street to Tremont street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Mason Street, Downtown Boston.

Both sides, from Mason street to Tremont street, twenty-four hours.

Terrace Street, Roxbury.

Both sides, from New Heath street to a point one hundred (100) feet northeast of New Heath street, twenty-four hours.

Section 24, Part 1, is amended by adding the following:

Bertram Street, Brighton.

From Travis street to North Harvard street.
WILLIAM P. HICKEY,
Commissioner,
(May 9-16.)

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN DAVENPORT BROOK IN HIBBARD AVENUE, PLEASANT HILL AVENUE, AND MORTON STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for sewerage works in Davenport Brook in Hibbard avenue, Pleasant Hill avenue, and Morton street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Davenport Brook, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, May 20, 1936, with a certified check for three thousand (3,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works,
(May 9.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Friday, May 22, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies,
(May 9.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, May 21, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies,
(May 9.)

CIVIL SERVICE EXAMINATIONS.
(STATE.)STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 8.
 Boston, Monday, September 14.
 Worcester, Wednesday, September 16.
 Springfield, Thursday, October 15.
 Pittsfield, Friday, October 16.
 Boston, Monday, November 2.
 Lowell, Wednesday, November 4.
 Boston, Monday, December 7.
 New Bedford, Wednesday, December 9.
 New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
 PAYSON SMITH,
 JAMES M. HURLEY,
 ALBERT FRANK,
 WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe, a surface drain of 12-inch pipe and two catch-basins in Cheney street, between 90 feet east of Maple street and 80 feet west of Montana street, in the Roxbury district, at an estimated cost of \$5,569.

LAND TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Coronado road, Hyde Park district, as a highway, from Belnel road to Osceola street, bounded and described as follows:

A highway named Coronado road is hereby laid out, from Belnel road to Osceola street, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Belnel road, ninety and 80-100 feet; northerly by the northerly line of said Coronado road as hereby laid out, nineteen and 60-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Coronado

road as hereby laid out, two hundred seventy-two and 42-100 feet; westerly by the westerly line of said Coronado road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; north-easterly by Osceola street, eighty-four feet; southerly by the southerly line of said Coronado road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southeasterly by the southeasterly line of said Coronado road as hereby laid out, three hundred six and 89-100 feet; and easterly by the easterly line of said Coronado road as hereby laid out, eleven and 81-100 feet on a curve of ten feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Coronado road, Hyde Park district, as a highway, from Belnel road to Osceola street, under the order of the Board of April 29, 1936, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Humes road, Dorchester district, as a highway, from Ashmont street to Newhall avenue, bounded and described as follows:

A highway named Humes road is hereby laid out, from Ashmont street to Newhall avenue, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Ashmont street, thirty and 1-100 feet; easterly by the easterly line of said Humes road as hereby laid out, three hundred fifty-six and 52-100 feet; southerly by Newhall avenue, thirty and 21-100 feet, and westerly by the westerly line of said Humes road as hereby laid out, three hundred fifty-three and 59-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Humes road, Dorchester district, as a highway, from Ashmont street to Newhall avenue, under the order of the Board of May 4, 1936, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of children's play, the following temporary rules are effective from May 4, 1936, to May 18, 1936, inclusive:

Vehicles are excluded from the following streets from 4 p. m. to 6 p. m. each day:

North Margin Street.

From Stillman street to Cooper street.

Stillman Street.

From North Margin street to Endicott street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Circus at the Boston Garden, parking of vehicles is prohibited in the following streets, from May 4, 1936, to May 9, 1936, inclusive:

Minot Street.

East side, from Billerica street to Nashua street.

Nashua Street.

South side, from Minot street to Cotting street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective May 5, 1936:

Brimmer Street.

East side, from Byron street to Chestnut street, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway construction, estimated to be four (4) days, vehicles are excluded from the following street, effective May 5, 1936:

Milk Street.

From India street to Sears street.

Bernard McCool, teamster, salary at time of retirement \$1,560 a year.

Lawrence J. Noel, paver, salary at time of retirement \$1,872 a year.

Attest:

W. J. DOYLE, Chairman.

CHANGE IN CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been granted an order of change, making an addition in the sum of \$1,343.10, to the contract for the erection and completion of the addition and alterations to the South Boston High School.

This work is at the Boys' and Girls' Lunch Room and when the alteration work was started at these points conditions were found to be such that it was deemed necessary, as a matter of safety, to structurally reinforce these two places. All of this work has been checked by the architects, this department and the State Director of the Federal Emergency Administration of Public Works, and has their approval, and I hope that it will meet with your Honor's approval. The following is an account of the extra work involved:

Shoring, \$330; cutting pockets for two wall bearing plates and patching same, \$20; cutting brickwork for bonding brick pilaster, \$20; 2.8 cubic yards concrete at \$14, \$39.20; brickwork, 480 brick at \$40 per M., \$19.20; setting bearing plates, \$4; setting structural steel, \$120; fireproofing steel, \$175; patching asphalt finish floors, \$25—\$752.40; heating work, \$168; painting, \$30; furnishing structural steel and columns, \$339—\$537; contractor's 10 per cent, \$53.70—\$590.70; this addition, \$1,343.10.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and browntail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex, on Court street in said City of Boston, on Tuesday, May 26, 1936, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost, and interests thereon and costs and charges incident to this sale.

WARD ONE.
